Re: Permit No. 32349/29-2505
(Renumbered to 32349/31-2446)

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 32349/31-2446 and has found the following:

Quantity of water diverted: 6.79 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 6.40 cfs

The maximum quantity diverted shall not exceed 960 acre feet per season.

Beneficial use: Irrigation of 320 acres within the N $\frac{1}{2}$ of Sec. 17,
Twp. 7 N, Rge. 33 E, B.M.

Point of diversion: NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17, Twp. 7 N, Rge. 33 E, B.M.

The priority date established is: May 3, 1965

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Our field examination also indicates that your rate of diversion exceeds that authorized by your permit. Unless you have another valid permit for other grounds to be irrigated from this same well or other beneficial uses of this water, you must reduce your rate of diversion to that allowed by law. If you have any questions regarding this matter, please contact us.

A representative of this Department has made an examination of the works covered by your Permit No. 32349/31-2446 and has found the following:

Quantity of water diverted: 6.79 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 6.40 cfs

The maximum quantity diverted shall not exceed 960 acre feet per season.

Beneficial use: Irrigation of 320 acres within the N $\frac{1}{2}$ of Sec. 17,
Twp. 7 N, Rge. 33 E, B.M.

Point of diversion: NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 17, Twp. 7 N, Rge. 33 E, B.M.

The priority date established is: May 3, 1965

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Our field examination also indicates that your rate of diversion exceeds that authorized by your permit. Unless you have another valid permit for other grounds to be irrigated from this same well or other beneficial uses of this water, you must reduce your rate of diversion to that allowed by law. If you have any questions regarding this matter, please contact us.

Sincerely,

BOBBY D. FLEENOR

Re: Permit No. G-32349 (New No. 29-2505)

Columbia Beneficial Holdings, Ltd.
West Vancouver
British Columbia

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit ~~and are now submitting proof of beneficial use~~. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney
