Application for Amendment

POINT OF DIVERSION

Permit No. G-29473

Comes now WILLIAM H. ANDERSON and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-29473.

That the point of diversion is described in said Permit as being located: NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 3, T7N-R36E, B.M.

That he now requests that the point of diversion be changed to a point located: Center of S $\frac{1}{2}$, Section 3, T7N-R36E, B.M.

That the reason for desiring to make such change is as follows: I put in circular type sprinkler irrigation systems and the center of this one-half section is the best location to get an even distribution of the water. The well has been drilled.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho this 6th day of June, 1966.

s/ WILLIAM H. ANDERSON

Date of Receipt at Department of Reclamation: June 9, 1966

APPROVAL OF STATE RECLAMATION ENGINEER

I, CARL E. TAPPAN, State Reclamation Engineer of the State of Idaho, HEREBY APPROVE the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. G-29473. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Mr. Anderson:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Rigby Star all submitted in proof of completion of works and beneficial use on Permit No. G-29473.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Gentlemen:

The date for proofs of Completion of Works and Application of water to ~~beneficial~~ use, as set out under terms of Permit No. G- 29473 are due not later than May 2, 1967

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

POINT OF DIVERSION

Permit No. G-29473

Comes now William H. Anderson and
represent to the State Reclamation Engineer of the State of Idaho:

That he is (~~owner~~) the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-29473.

That the point of diversion is described in said Permit as being located:

NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 3, T7N-R36E, B.M.

That he now requests that the point of diversion be changed to a point
located: Center of S $\frac{1}{4}$, Section 3, T7N-R36E, B.M.

That the reason for desiring to make such change is as follows:

I put in circular type sprinkler irrigation systems and the center of this one-half
section is the best location to get an even distribution of the water. The well
has been drilled.

That no one will be injured by such change, and that such change will be made
at Permit Holder's own risk.

Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Carl E. Tappan
