THE RIGBY STAR

RECEIVED
APR 12 1961

Department of Reclamation

STATE OF IDAHO, }
County of Jefferson } ss.

I, Hope B. Jones, do solemnly swear that I am the printer of THE RIGBY STAR, a weekly newspaper as defined by Idaho Codes annotated section 58-106 as amended, and that said newspaper is a weekly newspaper, printed and published at Rigby, Jefferson County, Idaho, having a general circulation in said county, and that said newspaper has been printed and published as a weekly newspaper, in said county for more than 78 consecutive weeks prior to the first publication of the attached notice.

And affiant further says that said attached notice, advertisement or publication as per clipping attached, was published in said newspaper in the regular and entire issue thereof, and not in any supplement issue thereof, for

four consecutive issues thereof; first publication having been made on the

16th day of *March*, 19*61*

and the last publication on the

6th day of *April*, 19*61*

And affiant further says that at the times herein mentioned said newspaper was made up of at least four pages of at least five columns each, printed from type matter, of at least seventeen and three fourths inches depth; and that there are at least two hundred bona fide subscribers in Jefferson County.

Hope B Jones

NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 2:00 p.m. on the 11th day of April, 1961, at Idaho Falls, County of Bonneville, State of Idaho on the 11th day of April, 1961, at Idaho Falls, before John L. Bloem, Notary Public, at 201-5 Rogers Building proof will be submitted of the completion of works for diversion of 5.82 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26661 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Witroath Pumps, Division of Worthington Corporation, Alhambra, California.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 5.82 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 5.82 cubic feet per second.

4. The point of diversion of said water is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 North, Range 35, East, B. M.

5. The place where said water is used is N $\frac{1}{2}$ Section 23, Twp. 6 North, Range 35, East, B.M., Jefferson County, Idaho.

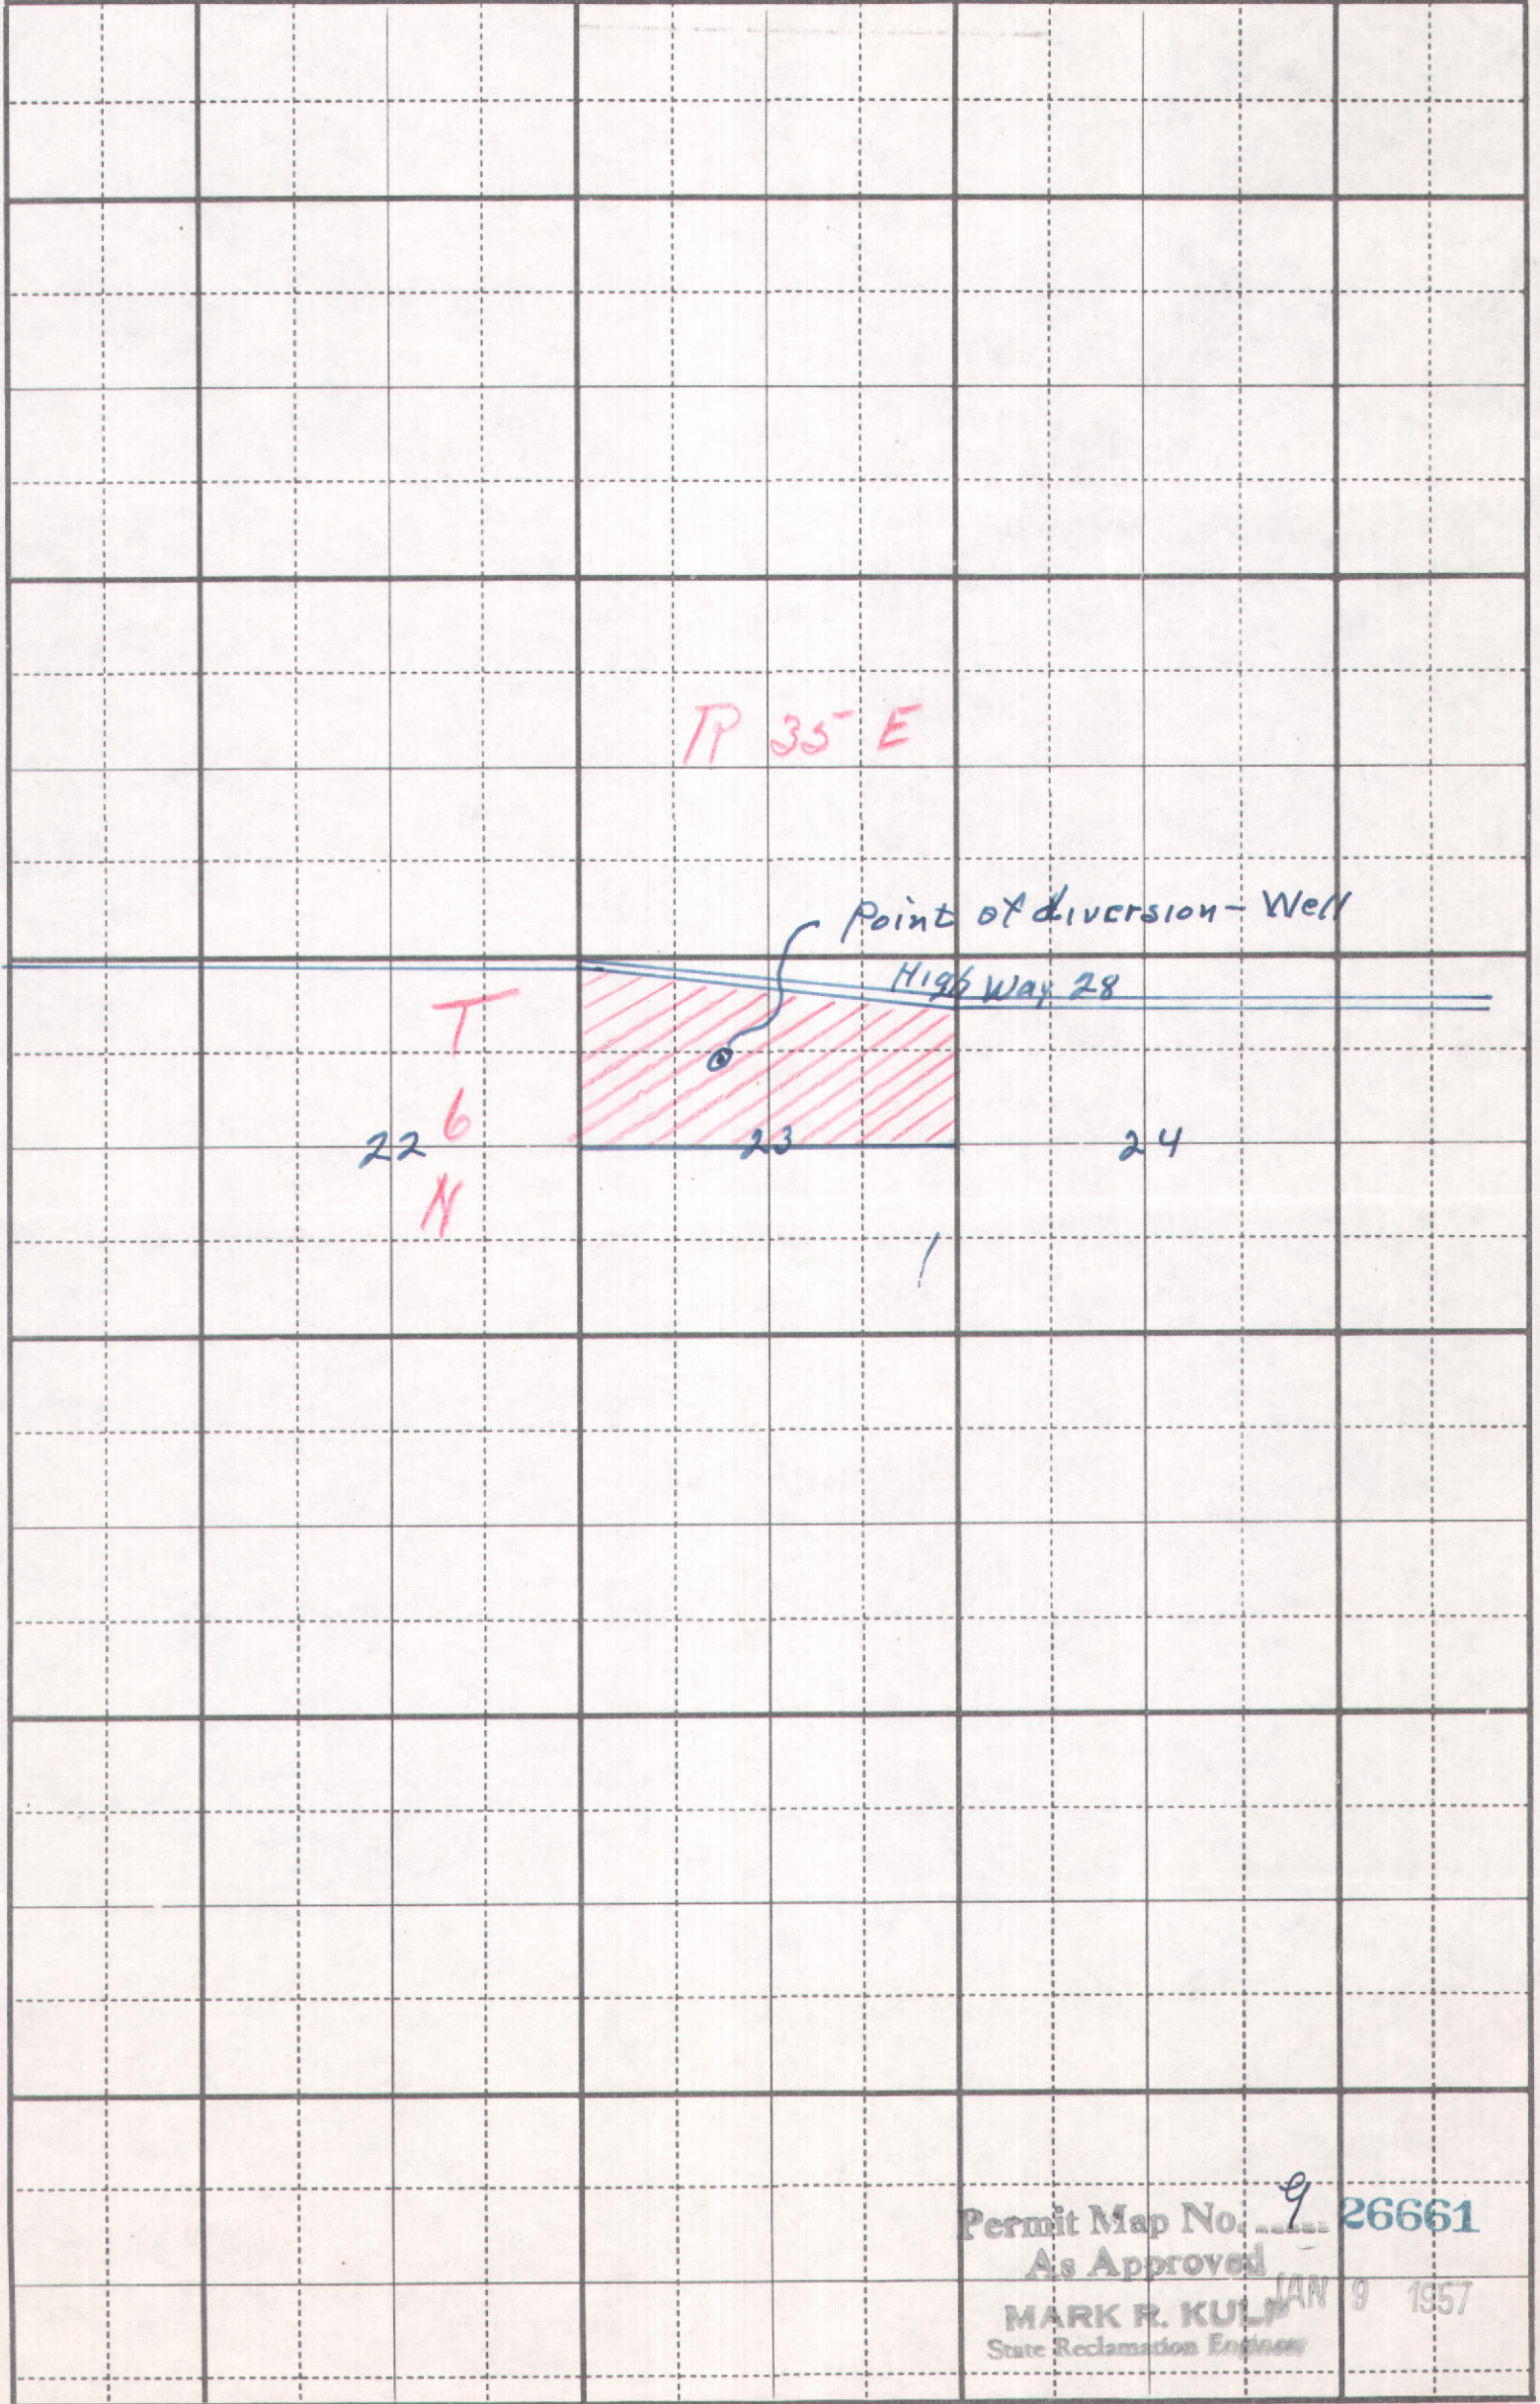

6. The date of priority which said user is prepared to establish is January 2, 1957.

26661 GEORGE N. CARTER,
State Reclamation Engineer

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 34592
 Permit No. G- 26661
 District No.

Assigned to

1. Name of Applicant: ROY T. ARCHER
 RFD

Postoffice address: Terreton

County: Jefferson

State: Idaho

2. Quantity of water claimed: 5.82 c.f.s.

(a) Rate of withdrawal in cubic feet per second. 5.82 or Idaho
 Miners' inches 291 or gallons per minute.

(b) Annual withdrawal in acre feet per annum

3. Source of water supply: Subterranean Flow (Well)

4. Location of point of diversion or well is in the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 23
 Twp. 6 N. , Rge. 35 E. , B.M., County of Jefferson

5. Water is to be used for: Irrigation & Domestic purposes

6. If for municipal, industrial or recreational purposes, give:

(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.

(b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.

7. Kind of works: Drilled well, Pump & Sprinkler System

8. Estimated cost of works: \$ 25,000.00

9. (a) Is reservoir to be used?

(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is five years.

11. If applicant is a corporation, give:

I. (a) Date and place of incorporation:

(b) Amount of capital stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the applicant are (a) Cash on hand: \$

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

(b) (cubic feet per second, inches or gallons per minute) is for new lands.

TO HAVE AND TO HOLD all and singular, the above mentioned and described water and water rights, and the appurtenances thereunto belonging or in anywise appertaining unto the party of the second part, and to its successors and assigns forever

IN WITNESS WHEREOF, the parties of the first part have hereunto set their hands and seals the day and year first above written.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-26661

Comes now Wintroath Pumps, Division of Worthington Corporation and represents to the State Reclamation Engineer of the State of Idaho: That it is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-26661. That the point of diversion is described in said permit as being located: SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 N., R. 35 E., B.M.

That it now requests that the point of diversion be changed to a point located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 N., R. 35 E., B.M. Jefferson County, Idaho.

That the reason for desiring to make such change is as follows: At the time the Permit was filed it was anticipated the well would be drilled near the North line of the SE $\frac{1}{4}$ NW $\frac{1}{4}$, but actual drilling was done north of anticipated point and in the NE $\frac{1}{4}$ NW $\frac{1}{4}$. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Alhambra, Calif., this _____ day of _____ 1961.

July 28, 1961

Re: Permit No. 0-26661

H. B. Hildenbrand, Pumping Equipment
Box 29
Alhambra, California

Dear Mr. Hildenbrand:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. 0-26661 shows the well is (xxx) capable of conveying 13 1/2 miner's inches, or 2.68 c.f.s. of water for the irrigation of 21 1/2 acres.

Upon receipt of the statutory fees, totaling \$ 21.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$16.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of January 2, 1957 to the use of 2.68 second feet of subterranean water with the point of diversion in the NE 1/4 NW 1/4, Sec. 23 for domestic use and irrigation of 21 1/2 acres in the NE 1/4, Sec. 23, T. 6 N., R. 35 E., B.M.

Since our engineer found the point of diversion to be in the NE 1/4 NW 1/4, Sec. 23 rather than in the SE 1/4 NW 1/4, Sec. 23, as recorded in the permit record, it will be necessary to amend the point of diversion.

Complete the enclosed form, submit it with the above mentioned statutory fees, plus an additional fee of \$1.00 for recording the amendment, to this office and your Certificate and License will be issued.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Department of Reclamation

Permit No. G-26661

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. H. R. Hildenbrand, Alhambra, California, pumping equipment,
P.O. Box 29, Alhambra, California

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Worthington Corporation, New York City; Stat. Agent J. L. Eberle,
Boise, Idaho; I am Assistant Secretary authorized by Board of Directors.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-26661, dated Jan. 9, 1957; priority Jan. 2, 1957.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean flow (well), in SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 N.R. 35,
EBM, Jefferson County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 20" well, 250 feet deep, 180 feet to water, 36 feet of 20" casing.
Deep well turbine pump with discharge of 4.4 cfs, determined by nozzle
size and pressure. Water is distributed by main lines and laterals
with sprinklers: 330 11/64 x 3/32 nozzles with 45# pressure at pump.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and Domestic purposes. N $\frac{1}{2}$ Section 23, Twp. 6 N.R. 35,
part North of Highway - 291 acres. Land is cultivated except about
60 acres rocky used for meadow. Land has been improved from sage
brush land with sparse grazing into cultivated land.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Roy T. Archer - last known address Rupert, Idaho.

26661

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. ==

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1 miner's inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Permit and water right conveyed by Water Deed dated Sept. 18, 1959.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Well was drilled in 1957, and was partially used in 1958 and 1959; during the summer of 1960 water was used to full capacity during entire irrigation season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign)

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Idaho Falls, County of Bonneville, State of Idaho, on this 11th day of April, A. D. 1961.

Residing at: Idaho Falls, Idaho

My commission expires Nov. 9, 1963

26661

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-26661

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Wayne Williams, 55, 483 W. 16th, Idaho Falls, Idaho, occupation foreman, farm land irrigation; P.O. 483 W. 16th, Idaho Falls, Idaho. Wintroath Pumps, Division of

Ques. 2. Are you acquainted with / Worthington Corporation, the holder of Permit No. G-26661? How long have you known him and where does he reside?

Ans. Yes. I have been acquainted with Wintroath since 1955. It has an office in Idaho Falls and Alhambra, Calif. Main office is New York.

Ques. 3. Have you read or heard read said Permit No. G-26661, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean stream from well located in SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 N. R. 35, E. R. M. Pump and sprinkling system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. System designed for 2600 g.p.m. I have seen about 1980 gpm.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. About 1980 gallons per minute, which I computed from a pump pressure of 45# using 330 11/64 x 3/32 nozzles.

26661

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. All water is used for irrigation. N $\frac{1}{2}$ of Section 23, Twp. 6 N.R. 35, E.B.M., except part North of Highway - 291 acres - is irrigated. All except rocky land is cultivated, and rocky land is used for pasture. Land was formerly sage brush with sparse grazing.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ==

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Soil is sandy and will require about 1 miner's inch for irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I saw the system installed in 1958 and was at the place twice during the irrigation system of 1960 and saw the system in operation.

(Signed) Wayne Williams

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Idaho Falls, County of Bonneville, State of Idaho, on this 11 day of April, A. D. 1961.

Permit No. G-26661

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Larry Jannings, 23, 477 W. 16th, Idaho Falls, Idaho, occupation
irrigation maintenance; P.O. 477 W. 16th, Idaho Falls, Idaho
Wintroath Pumps, Division of

Ques. 2. Are you acquainted with / Worthington Corporation, the
holder of Permit No. G-26661? How long have you known him and where does
he reside?

Ans. Yes. I have been acquainted with the company since 1956
Its main office is in New York City; division office in Alhambra,
California; branch office in Idaho Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-26661, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Well located in SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 N.R. 35, EBM. Water
is pumped from well into main lines and sprinkler system to place of
use.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 2600 gpm. I have seen about ¹⁶⁰⁰~~1900~~ gallons per minute.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. I have seen 1600 gallons per minute computed from pressure and
nozzle sized.

26661

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water us used for the irrigation of 291 acres in N $\frac{1}{2}$ Section 23, Twp. 6 N.R. 35, EMM. Jefferson County, Idaho; land is mainly cultivated except rocky area which is used for pasture. Land has been improved from sage brush land to farming land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. ==

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy loam. It will require about 22 1 inch per acre for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In 1958 I helped set up aluminum lines and installed heads in sprinkling system and saw system in operation at that time; I observed system in operation ten or fifteen times during crop season of 1960.

(Signed) Larry J. Jannings

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Idaho Falls, County of Bonneville, State of Idaho, on this 11 day of April, A. MY COMMISSION EXPIRES JULY 17, 1961

NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 2:00 p.m. on the 11th day of April, 1961, at Idaho Falls, County of Bonneville, State of Idaho, before John L. Bloem, Notary Public, at 201-5 Rogers Building proof will be submitted of the completion of works for diversion of 5.82 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26661 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Witroath Pumps, Division of Worthington Corporation, Alhambra, California.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 5.82 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 5.82 cubic feet per second.

4. The point of diversion of said water is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 North, Range 35, East, B. M.

5. The place where said water is used is N $\frac{1}{2}$ Section 23, Twp. 6 North, Range 35, East, B.M., Jefferson County, Idaho.

6. The date of priority which said user is prepared to establish is January 2, 1957.

Mr. John L. Bloem,
Attorney at Law,
Box 428,
Idaho Falls, Idaho.

Dear Mr. Bloem:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26661, in the name of Wintroath Pumps, Division of Worthington Corporation. Final Proof is to be made before you, as Notary on the 11th day of April, 1961, ~~1959~~ at 2:00 o'clock P.M., at 201-5 Rogers Bldg., Idaho Falls, Idaho.

As of this date we have mailed the Notice to the Rigby Star with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Dear Mr. Bloom:

Assignments of the three permits to Wintroath Pumps have been received. The regular fee for recording assignments on our form is \$0.50 each, however, the fee for the assignments submitted must be increased to \$1.50 each, or a total of \$4.50.

Our regular form for assignment was sent to you. Is there any reason why that form cannot be used? Such voluminous documents take much space in our permanent record of permits, invite errors in recording (in fact the documents submitted are not entirely free of errors) and are time consuming for our limited staff.

The assignment recorded in this office is only to change the name of the holder of the permit and all of the balance of the submitted documents relates to extraneous matters which should be filed only in the County Court House.

Very truly yours,

GEO. W. CARTER

RE: Application for Well Drillers License
and
Application for Permit

Mr. Roy Archer
RFD
Terreton, Idaho

Dear Mr. Archer:

In reply to your letter of December 22nd, 1956, regarding application for a Well Driller's License. We do not have a regular form for this purpose, but the statutory fee is \$10.00. Upon receipt of the fee we will issue you a Well Driller's License. Enclosed is a form in regards to well driller's, which we would appreciate you filling out and return with your fee.

We also enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.

Very truly yours,

MARK A. KULP
State Reclamation Engineer
by

Chief Clerk

NOTICE OF PROGRESS OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 p.m. on the 11th day of April, 1961, at Idaho Falls, County of Bonneville, State of Idaho, on the 11th day of April, 1961, at Idaho Falls, before John L. Bloem, Notary Public, at 201-5 Rogers Building proof will be submitted of the completion of works for diversion of 5.82 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26661 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Witroath Pumps, Division of Worthington Corporation, Alhambra, California.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 5.82 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 5.82 cubic feet per second.

4. The point of diversion of said water is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 23, Twp. 6 North, Range 35, East, B. M.

5. The place where said water is used is NW $\frac{1}{4}$ Section 23, Twp. 6 North, Range 35, East, B.M., Jefferson County, Idaho.

6. The date of priority which said user is prepared to establish is January 2, 1957.
