RE: Permit No. G-25267

A. G. Reming & Saul K. Moore

Harley M. McDowell
Idaho Land & Appraisal Service
Box 2161
Boise, Idaho

Dear Mr. McDowell:

Enclosed are Certificate of Completion of Works, License and Certificate of Water Right, Amendment to the Land List, and two Assignments on the above numbered permit.

Also enclosed are departmental receipt No. G-7563 in the amount of \$21.00 covering the fees for the Certificate and the License, made in the name of John W. Roberts, and No. G-7580 in the amount of \$2.00 covering the fees for recording the assignments and the amendment.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RECEIVED
NOV 19 1962

Department of Reclamation

November 14, 1962

State of Idaho
Department of Reclamation
107 State House
Boise, Idaho

Gentlemen:

Enclosed please find my check in amount of \$21.00 for the statutory fees covering completion of works certificate and license and certificate of water right as referred to in your letter of August 29th. This is under your permit number G-25267.

Since more land is going to be put under water, I would request you issue completion of works certificate in the amount of acreage as stated in my application and as referred to in your letter of September 19th, which would allow 6.4 c.f.s. I will then apply for supplemental license when the rest of the land is under production.

Very truly yours,

J. William Roberts

G25267

September 19, 1962

RE: Permit No. G-25267

Mr. William Roberts
Rt 4
Buhl, Idaho

Dear Mr. Roberts:

In regard to your letter of September 16, 1962, I call your attention to Section 42-219 Volume 8, Idaho Code, Titled Issuance of License-- Priority. (Your local attorney or County Court House should have one,)

The person farming your land stated he was farming the ground as follows: 17A in NE $\frac{1}{4}$ SE $\frac{1}{4}$, 17A in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 25, T. 6 N., R. 35 E., B.M.; 29A in Lot 4 (SW $\frac{1}{4}$ NW $\frac{1}{4}$), 33A in NW $\frac{1}{4}$ SW $\frac{1}{4}$, 26A in SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 1; 16A in Lot 1 (SE $\frac{1}{4}$ NE $\frac{1}{4}$), 17A in NE $\frac{1}{4}$ SE $\frac{1}{4}$, 20A in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 2, T. 5 N., R 35 E., B.M. making a total of 175 acres to which water was being applied beneficially.

I measured the discharge from your pump at 2596 GPM; this equals 5.76 c.f.s. or 288 miner's inches.

Since the water was being used beneficially on only 175 acres, I allowed you a full inch per acre or 175 inches or 3.50 c.f.s. That is what the license can be issued for at this time with a priority date of November 10, 1954.

However we can issue a Completion of Works Certificate in the amount of 6.4 c.f.s. for 320 acres as your application stated. Then when you get all of your ground that can be irrigated under production you can follow the same procedure as before to prove beneficial use on the same permit number and same ground using same point of diversion for supplemental license that will bear priority date advanced as much time as proofs are late.

The pump used in the pump test is not the same pump in your well now. The pump test just determines what amount can be withdrawn from the well economically, and the efficiency doesn't always meet the design especially after 2 years of operation.

G25267

William Roberts - continued - page 2

The big water wasting pond that your pump discharges into indicates the possibility of sand or other matter being pumped, which wears on the pump's efficiency.

You stated that you had 261 acres on which water could be run. If that much acreage had been in production your license could only be for 261 inches or 5.22 c.f.s., not for 362 inches your well tested.

Hope this will clarify the amount of the license.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RECEIVED

SEP 18 1962

Department of Reclamation

September 16, 1962

State of Idaho
Department of Reclamation
Boise, Idaho

Attention Mr. George N. Carter

Dear Mr. Carter:

With reference to your letter of August 29 regarding application of water to beneficial use under permit number G-25267.

I would request a review of this application inasmuch as I have, and so stated in my application, 261 acres on which water can be run.

I am attaching a photostatic copy of the results of the test on the well. You will notice that the well tested 366 inches of water and is a very strong well. I therefore believe that another measurement should be run by your office because the well is equipped with a 250 horsepower pump and is engineered to produce more than the 175 inches of water mentioned in your engineers report.

Please advise when it might be possible to meet with you and run another measurement on this well as I believe an error has been made.

Very truly yours

William Roberts

August 29, 1962

Re: Permit No. G-25267

John W. Roberts
Rt 4
Buhl, Idaho

Dear Mr. Roberts:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-25267 shows the well is (are) capable of conveying 175 miner's inches, or 3.5 c.f.s. of water for the irrigation of 175 acres.

Upon receipt of the statutory fees, totaling \$ 21.00, which consists of a Completion of Works fee of \$ 5.00 and License and Certificate of Water Right fee of \$ 16.00 - based at the rate of \$2.00 for each 40-acre subdivision - we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of November 10, 1954 to the use of 3.5 second feet of subterranean water with the point of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 1 for irrigation of 175 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ (Lot 4), W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 1; SE $\frac{1}{4}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 2, T. 5 N., R. 35 E., B.M.; E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 35, T. 6 N., R. 35 E., B.M.

Very truly yours,

**NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 10 a.m., on the 14th day of October, 1961, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public at 329 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25267, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is John William Roberts, Rt. 4, Buhl, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ SE $\frac{1}{4}$ (Sec. 35; T6N-R35E; SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 2, T5N-R35E.

5. The place where said water is used is E $\frac{1}{2}$ SE $\frac{1}{4}$ (Sec. 35, T6N-R35E; Lot 4, W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 1, Lot 1, E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 2, T5N-R35E.

6. The date of priority which said user is prepared to establish is 11-10-54.

Re: Permit No. G-25267

John William Roberts

Mr. Harley M. McDowell,
Idaho Land & Appraisal Service,
Box 2161
Boise, Idaho.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25267, in the name of John William Roberts. Final Proof is to be made before you, as Notary on the 14th day of October, 1961, ~~1959~~ at 10:00 o'clock A.M., at 329 Idaho Bldg., Boise, Idaho.

As of this date we have mailed the Notice to the Star, Rigby, Idaho with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 33112
Permit No. G- 25267
District No.

1. Name of Applicant: JOHN WILLIAM ROBERTS
Postoffice address: Rte. 4, Buhl County: Twin Falls State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 6.4 or Idaho
Miners' inches 320 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean-- wells
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 35, Twp. 6 N., Rge. 35 E. B.M. and SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 2 Twp. 5 N., Rge. 35 E., B.M., County of Jefferson
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, pump, diesel motor, sprinkler system
8. Estimated cost of works: \$ 20,000.00
9. (a) Is reservoir to be used?
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Five (5) years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) 6.334 (cubic feet per second, inches or gallons per minute) is for new lands.

Assigned to Sam L. Murrell
409 - 9th Ave. N.
Buhl - Idaho

This application is made in connection with a Desert Land Entry filed the Federal Land Office, Boise, Idaho. No.-Idaho 05580
If necessary, the diversion points will be changed, by application for amendment.
It is also anticipated that I will be able to irrigate the entire described area (316.7 acres) by the use of the sprinklers.
This will be determined when water has been obtained.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-25267

Comes now John William Roberts and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25267. That the point of diversion is described in said permit as being located NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 35, T6N-R35E., B.M. SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 2, T5N-R35E.

That he now requests that the point of diversion be changed to a point located SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 1, T5N-R35 E., B.M.

That the reason for desiring to make such change is as follows: More feasible well site. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Buhl, Idaho, this 14 day of October, 1961
/s/ John William Roberts

Date of receipt at Department of Reclamation October 24, 1961

Application for Amendment
LAND LIST
Permit No. G-25267

Comes now Saul K. Moore and A. G. Leming, and represents to the STATE RECLAMATION ENGINEER of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25267, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

SE $\frac{1}{4}$, Section 35, T 6 N - R 35 E., SW $\frac{1}{4}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$, Section 1; SE $\frac{1}{4}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$, Section 2; NW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 12; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, T5N-R35E., B.M., Ida., making a total of 480 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, Ida. this day of November, 1962

/s/ Saul K. Moore
/s/ A. G. Leming

Date of receipt at office of Department of Reclamation: November 28, 1962

APPROVAL OF STATE RECLAMATION ENGINEER

I, Ralph W. Thomas, Deputy State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-25267. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

/s/ RALPH W. THOMAS

Gentlemen

Enclosed please find my check in amount of \$21.00 for the statutory fees covering completion of works certificate and license and certificate of water right as referred to in your letter of August 29th. This is under your permit number G-25267.

Since more land is going to be put under water, I would request you issue completion of works certificate in the amount of acreage as stated in my application and as referred to in your letter of September 19th, which would allow 6.4 c.f.s. I will then apply for supplemental license when the rest of the land is under production.

Very truly yours,

J. William Roberts

G25267

September 19, 1962

RE: Permit No. G-25267

Mr. William Roberts
Rt 4
Buhl, Idaho

Dear Mr. Roberts:

In regard to your letter of September 16, 1962, I call your attention to Section 42-219 Volume 8, Idaho Code, Titled Issuance of License-- Priority. (Your local attorney or County Court House should have one.)

The person farming your land stated he was farming the ground as follows: 17A in NE¹/₄SE¹/₄, 17A in SE¹/₄SE¹/₄, Sec. 25, T. 6 N., R. 35 E., B.M.; 29A in Lot 4 (SW¹/₄SW¹/₄), 33A in NW¹/₄SW¹/₄, 26A in SW¹/₄SW¹/₄, Sec. 1; 16A in Lot 1 (SE¹/₄NE¹/₄), 17A in NE¹/₄SE¹/₄, 20A in SE¹/₄SE¹/₄, Sec. 2, T. 5 N., R 35 E., B.M., making a total of 175 acres to which water was being applied beneficially.

I measured the discharge from your pump at 2596 GPM; this equals 5.76 c.f.s. or 288 miner's inches.

Since the water was being used beneficially on only 175 acres, I allowed you a full inch per acre or 175 inches or 3.50 c.f.s. That is what the license can be issued for at this time with a priority date of November 10, 1954.

However we can issue a Completion of Works Certificate in the amount of 6.4 c.f.s. for 320 acres as your application stated. Then when you get all of your ground that can be irrigated under production you can follow the same procedure as before to prove beneficial use on the same permit number and same ground using same point of diversion for supplemental license that will bear priority date advanced as much time as proofs are late.

The pump used in the pump test is not the same pump in your well now. The pump test just determines what amount can be withdrawn from the well economically, and the efficiency doesn't always meet the design especially after 2 years of operation.

S25267

William Roberts - continued - page 2

The big water wasting pond that your pump discharges into indicates the possibility of sand or other matter being pumped, which wears on the pump's efficiency.

You stated that you had 261 acres on which water could be run. If that much acreage had been in production your license could only be for 261 inches or 5.22 c.f.s., not for 362 inches your well tested.

Hope this will clarify the amount of the license.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Bushl, Idaho

Dear Mr. Roberts:

This letter is to inform you of the outcome of the well test we made on your well in the Mad Lake area.

We installed 270 feet of 10 inch column pipe, plus bowls, and 10 feet of 10 inch suction. Overall length of the pump, 285 feet. Well depth is 300 feet of 20 inch hole.

We pumped the well with the aforementioned pump for 4 hours at 3255 g.p.m., which is the equivalent of 361.66 inches. Static water level 245 feet. Pump level 247 feet. We find this to be an extremely strong well.

This letter is also meant to serve as a certification of this test.

Department of Reclamation

September 16, 1962

State of Idaho
Department of Reclamation
Boise, Idaho

Attention Mr. George N. Carter

Dear Mr. Carter:

With reference to your letter of August 29 regarding application of water to beneficial use under permit number G-25267.

I would request a review of this application inasmuch as I have, and so stated in my application, 261 acres on which water can be run.

I am attaching a photostatic copy of the results of the test on the well. You will notice that the well tested 366 inches of water and is a very strong well. I therefore believe that another measurement should be run by your office because the well is equipped with a 250 horsepower pump and is engineered to produce more than the 175 inches of water mentioned in your engineers report.

Please advise when it might be possible to meet with you and run another measurement on this well as I believe an error has been made.

Very truly yours

William Roberts

Re: Permit No. G-25267

John W. Roberts
Rt 4
Buhl, Idaho

Dear Mr. Roberts:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-25267 shows the well is (are) capable of conveying 175 miner's inches, or 3.5 c.f.s. of water for the irrigation of 175 acres.

Upon receipt of the statutory fees, totaling \$ 21.00 , which consists of a Completion of Works fee of \$ 5.00 and License and Certificate of Water Right fee of \$ 16.00 - based at the rate of \$2.00 for each 40-acre subdivision - we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of November 10, 1954 to the use of 3.5 second feet of subterranean water with the point of diversion in the SW¹/₄SW¹/₄, Sec. 1 for irrigation of 175 acres in the SW¹/₄SW¹/₄ (Lot 4), W¹/₂SW¹/₄, Sec. 1; SE¹/₄NE¹/₄, E¹/₂SE¹/₄, Sec. 2, T. 5 N., R. 35 E., B.M.; E¹/₂SE¹/₄, Sec. 35, T. 6 N., R. 35 E., B.M.

Application for Permit
D. O. Bybee

Harley M. McDowell
Idaho Land & Appraisal Service
Box 2161, Boise, Idaho

Dear Mr. McDowell:

Returned herewith are application for change in point of diversion for Permit No. G-25267 with attached check. Our record of the permit shows two points of diversion, the second of which has been shown in pencil. Both points should be shown to clearly show that only one point of diversion is intended.

Also returned herewith is application for permit in the name of D. O. Bybee, with attached check. Under 15 you show Permit 27231. We assume you intended to show No. G-27321. There are also two permits for surface water to irrigate portions of this land as shown in pencil. Those permits total 8.2 cubic feet per second which has been shown as subtracted from the amount of water claimed. No. 3 has not been answered.

Kindly correct as necessary and return.

Very truly yours,

Permit No. G-25267

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. John William Roberts; 1/4 mile east of Buhl, Idaho; occupation, Farmer and employed by Buhl Equipment Co.; postoffice address, Rt. 4, Buhl, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit #G-25267; date of permit, 11/13/54; date of priority, 11/10/54.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water is subterranean from a well in SW¹/₄SW¹/₄, Sec. 1, T5N-R35E, B.M., Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works consist of two private ditches (1) runs north approx. 1 1/2 miles (2) runs west and north 1 1/2 miles. Each will carry 400" of water. There is also a well drilled to 300' deep, 20" hole, static water level 245' and pumps from 247', cased 20 ft. Pump discharge measured at 300". This was measured by Johnson Pump Co. by pressure method. Andrews Drilling Co. measured with test pump and reported 366". All gravity irrigation.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of the following: T6N-R35E, Sec. 35, ^{NE¹/₄SE¹/₄} 35 acres; SE¹/₄SE¹/₄, 27 acres; T5N-R 35E, Sec. 1, Lot 4 (NW¹/₄NW¹/₄), 35 acres; NW¹/₄SW¹/₄, 38 acres; SW¹/₄SW¹/₄, 38 acres. Section 2, Lot 1 (NE¹/₄NE¹/₄), 28 acres; NE¹/₄SE¹/₄, 30 acres; SE¹/₄SE¹/₄, 30 acres. This is all cultivated land, no natural meadow. I have spent about \$32,000 on this development.

Lots correct balance wrong on 2 subdivisions due to short section

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Roy Archer, Andrews Drilling Co., Idaho Falls, Idaho.

J25267

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I need the whole 300". The land is rough and there is some rock so it takes a lot of water.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original applicant.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water has been diverted and used since permit was issued and is being used now.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
OCT 19 1961

Department of Reclamation

Permit No. G-25267

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Vivian Dais; age, 35; residence 1/8 mile east of Buhl, Idaho; occupation, bookkeeper; postoffice address, Rt. 4, Buhl, Idaho.

Ques. 2. Are you acquainted with John William Roberts, the holder of Permit No. G-25267? How long have you known him and where does he reside?

Ans. I have known him 14 years. He resides 1/4 mile east of Buhl, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-25267, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is from a drilled well in SW 1/4, Sec. 1, T5N R35E, B.M., Idaho. Works consist of the well, pump and meter and two ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Works will convey 350^{ft}-400^{ft} of water. I have seen about 350^{ft} so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver at least 350^{ft} of water. This is an estimate.

S25267

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ² This water is used for irrigation. T5N-R35E, Sec. 1, NW $\frac{1}{4}$ SW $\frac{1}{4}$, 38 acres; SW $\frac{1}{4}$ SW $\frac{1}{4}$, 38 acres; NW $\frac{1}{4}$ NW $\frac{1}{4}$, 35 acres; Sec. 2, NE $\frac{1}{4}$ NE $\frac{1}{4}$, 28 acres; NE $\frac{1}{4}$ SE $\frac{1}{4}$, 30 acres; SE $\frac{1}{4}$ SE $\frac{1}{4}$, 30 acres/ T6N-R35E., Section 35, NE $\frac{1}{4}$ SE $\frac{1}{4}$, 35 acres; SE $\frac{1}{4}$ SE $\frac{1}{4}$, 27 acres. No natural meadow. All the improvements have been made as a direct result of said use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. He needs all this water. This is good crop land but blows when dry and is dusty.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the entire development and have been all over it. In fact, I intended to file on land in this area. I saw it when he first started and have seen it when he was through.

Permit No. G-25267

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ted Ahlg; age, 42; residence, Buhl, Idaho; occupation; Buhl Equipment Co. & farming; postoffice address, 226 Ninth Ave., Buhl, Idaho.

Ques. 2. Are you acquainted with John William Roberts, the holder of Permit No. G-25267? How long have you known him and where does he reside?

Ans. I have known him 15 yrs. He resides 1/4 mile east of Buhl, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-25267, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion and describe works for conveying water from point of diversion to place of use.

Ans. Well drilled to 300', cased 20 ft. equipped with pump and motor. Two ditches about 1 1/2 miles long each.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditches will safely convey 350"-400". I have seen over 350" so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. It is my estimate the pump will deliver 350"-400".

G25267

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation as follows: T5N-R35E, Sec. 1, NW1/4, 35 acres; NW1/4SW1/4, 38 acres; SW1/4SW1/4, 38 acres. Section 2, NE1/4NE1/4, 28 acres; NE1/4SE1/4, 30 acres; SE1/4SE1/4, 30 acres; T6N-R35E, Sec. 35, SE1/4SE1/4, 27 acres; NE1/4SE1/4, 35 acres; This is all cultivated land and all improvements have been made as a direct result of said use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This is good land for irrigated farming. It is a fine lava ash soil and it takes all he is getting to farm most crops.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen this almost every month from sagebrush to completion as I have a farm adjoining to the north.

**NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 10 a.m., on the 14th day of October, 1961, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public at 329 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25267, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is John William Roberts, Rt. 4, Buhl, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ SE $\frac{1}{4}$ (Sec. 35, T6N-R35E; SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 2, T6N-R35E.

5. The place where said water is used is E $\frac{1}{2}$ SE $\frac{1}{4}$ (Sec. 35, T6N-R35E; Lot 4, W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 1, Lot 1, E $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 2, T5N-R35E.

6. The date of priority which said user is prepared to establish is 11-10-54.

Re: Permit No. G-25267
John William Roberts

Mr. Harley M. McDowell,
Idaho Land & Appraisal Service,
Box 2161
Boise, Idaho.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25267, in the name of John William Roberts. Final Proof is to be made before you, as Notary on the 12th day of October, 1961, ~~Monday~~ at 10:00 o'clock A.M., at 222 Idaho Bldg., Boise, Idaho.

As of this date we have mailed the Notice to the Star, Rigby, Idaho with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Re: Permit No. G- 25267

Date: Aug. 1, 1961

John William Roberts
Route #4
Buhl, Idaho

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 25267 are due not later than **October 10, 1961**

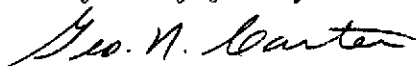

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

RECEIVED
OCT 6 1959
Department of Reclamation

attn: Mes. N. Carter

Dear Mr. Carter:

I am in receipt of your letter of September 1st regarding due date of November 13, 1959 for proof of completion of works under permit H. 25267.

This is to request an extension of time for this proof of completion inasmuch as there has not been a sufficient period of time since receiving permission to start work on desert land entry number 05580. This permission was allowed on October 10th 1956 or almost one year after original filing for permit. At the present time we are just completing the drilling of the irrigation well but it will be spring before we can have ditches drawn and the pump in.

The fact that almost one year from filing date elapsed before we were given permission to go upon the land is the reason that I must file for an additional period of time from your department to coincide with the date of final proof on desert claim.

Please advise by return mail regarding the above.

Very Truly Yours

John William Roberts

RE: Permit No. G-25267

Mr. John William Roberts
Route 4
Buhl, Idaho

Dear Mr. Roberts:

We enclose Permit No. G-25267 and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

By this same mail we are sending two copies of this permit to the Idaho District Land Office to be used in connection with your Desert Land Entry Idaho 05580.

We also enclose departmental receipt No. G-853 for \$8.50 which includes \$6.50 filing fee and \$2.00 for the extra copies.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given at 10 a.m., on the 14th day of October, 1961, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public at 829 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-25267, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is John William Roberts, Rt. 4, Buhl, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ SE $\frac{1}{4}$ (Sec. 35; T6N-R35E; SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 2, T5N-R35E.

5. The place where said water is used is E $\frac{1}{4}$ SE $\frac{1}{4}$ (Sec. 35, T6N-R35E; Lot 4, W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 1, Lot 1, E $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 2, T5N-R35E.

6. The date of priority which said user is prepared to establish is 11-10-54.
