Re: Permit No. G-24595
Gerald & Wendell D. Adamson

Mr. Gerald Adamson
Route #1
Shelley, Idaho

Dear Mr. Adamson:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-24595 shows the well is capable of conveying 220 miner's inches (4.4 c.f.s.) of water for the irrigation of 320 acres.

Upon receipt of the statutory fees totaling \$21.00 we will issue Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$16.00 - based at the rate of \$2.00 for each 40-acre subdivision) confirming the right with priority of December 3, 1953, to the use of 4.4 second feet of subterranean water, with the point of diversion in the NE $\frac{1}{4}$ Sec. 16, for the irrigation of the W $\frac{1}{2}$ Sec. 16, Twp. 7 N., Rge. 33 E., B. M.

We enclose an Application for Amendment to the Land list which should be signed and returned to this office together with the fees mentioned above.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 32400
 Permit No. G- 24595
 District No.

Assigned to *Gerald Adamson*
Dugan City, Idaho

1. Name of Applicant: GERALD ADAMSON
 Postoffice address: Rt. 1, Shelley County: Bingham State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. Six (6) or Idaho
 Miners' inches or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum 1600
3. Source of water supply: Wells (2 wells)
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 16
 Twp. 7 N. , Rge. 33 E. , B.M., County of Jefferson
5. Water is to be used for: Irrigation and domestic purposes
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled well, cased, pump and motor
8. Estimated cost of works: \$ 20,000
9. (a) Is reservoir to be used? no
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

By _____ Agent.

Returned to applicant for correction:

Corrected application received:

The number of this permit is G-24595

Recorded in Book 87 Page 24595 Approved December 3, 1953

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before February 3, 1954

and to continue diligently and uninterruptedly to completion,

unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before June 3, 1956

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before December 3, 1958.

Re; Permit No. G-24595
Gerald & Wendell D. Adamson

Mr. Wendell D. Adamson
Box 525
Sugar City, Idaho

Dear Mr. Adamson:

The letter, copy of which you enclosed with your letter of July 17, was sent to Mr. Gerald Adamson as he was the original applicant and holder of one-half interest, with the amendment to the land list which has to be signed. The original application was filed to irrigate the NW_{1/4}, Sec. 16 and the amendment was prepared to change the records in this office to agree with the NW_{1/4}, Sec. 16 which is the land actually being irrigated. Mr. Gerald Adamson has probably contacted you in regard to the amendment.

Your affidavit of beneficial use of the water shows only about 100 acres in the NW_{1/4}, Sec. 16, as being irrigated. There had been a rain just prior to the engineer's inspection of the farm and he could not tell what land had actually been irrigated. One inch per acre for the land actually being irrigated is the maximum amount which can be allowed. He could not measure the production of the well on account of the flat grade of the ditch. It would seem that 220 miner's inches of water allowed for license is quite liberal.

Very truly yours,

George -

His affidavit says only
100 acres have been irrigated.

at time I was there it
had rained so that one
could not tell. All the
place was either in
crop or being tilled or
prepared in some manner,

unless all concerned drop
over dead the place will
all soon be irrigated.

NE. & Irrigation & Beneficial Use

Filed Dec. 3, 1953

Due Dec. 3, 1958

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. G-24595

Mr. Wendell D. Adamson
P. O. Box 525
Sugar City, Idaho

Dear Mr. Adamson:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in The Rigby Star, all submitted in proof of completion of works and beneficial use on Permit No. G-24595.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Permit No. G-24595

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Gerald Adamson - Age 47 - Residence, Shelley, Idaho
Occupation, Farmer - P. O. Rt. 1 - Shelley, Idaho

Ques. 2. Are you acquainted with Wendell D. Adamson, the holder of Permit No. G-24595? How long have you known him and where does he reside?

Ans. Yes
Forty years - He resides at Sugar City, Idaho

Ques. 3. Have you read or heard read said Permit No. G-24595, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep Drilled Water Well - Motor driven turbine pump.
NW 1/4 Sec. 16, Twp. 7N, Range 33E, B.M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Will pump six second feet of water. It is now pumping 4.1 second feet.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 2,100 gallons per minute. We are accepting the information
given us by the engineer of Lane Bowler Pump Company.

N/G.
Interested Witness

#24595

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Crop irrigation. The only subdivision in which water has been used ~~in~~ to date is the NW⁴ of Sec. 16, Twp. 7N, Range 33E, B.M. in the amount of about 100 acres. Cultivated land with well, pump house, ditches and dykes.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. No other purpose.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Medium textured soil. Approximately 1 inch per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Yes, an undivided one-half interest in permit No. G-24595.

See Assignment Recorded in the Department of Reclamation, in Book 87 of Permits, Page 24595.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During the progress of the well drilling and have been in contact through the well testing and installation of the present pump, and the progress of the irrigation during the past season, 1958.

Permit No. G-24595

Proof of Application of Water to Beneficial Use

Deposition of Holder and Completion of Works

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Wendell D. Adamson - Sugar City, Idaho - P. O. Box 525.

~~Gerald Adamson - Shelley, Idaho Rt. 1~~

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. ✓ G-24595 - December 3rd, 1953

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. NE 1/4 NW 1/4, Sec. 16, Twp. 7N, Range 33E, B.N. - Jefferson County, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 340 ft. Well with 93 ft. Casing, 16' inside diam. 207 feet to water.
Diesel motor driven turbine pump at present. Flood irrigation.
Pump consists of 14' bowl with 10' column. Discharge rate 2,100 gal.
per minute with the pump running at approximately 80% of capacity.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Crop irrigation. The only subdivision in which water has been used to date is the NW¹ of Se. 16, Twp. 7N, Range 33E. B.M. in Jefferson County, Idaho, in the amount of 100 acres. Cultivated land with well, pump house, ditches and dykes.

24595

RT

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately 1" per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Permit Assignment No. G-24595, recorded in Dept. of Reclamation in Book 87 of Permits, Page 24595.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the 1958 growing season approximately 100 acres flood irrigated.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None other.

**NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that 10 a.m., on the 28th day of November, 1958, at Rexburg, County of Madison, State of Idaho, before Ralph A. Parker, Notary Public, at Rexburg, Idaho, proof will be submitted of the completion of works for the diversion of 6.0 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24595 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is WENDELL D. ADAMSON, Sugar City, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.0 cubic feet per second.

3. The use to which said water has been applied is Irrigation & Domestic Purposes, and the amount applied to beneficial use is 3.10 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 16, Twp. 7 No., Rge. 33 E.B.M.

5. The place where said water is used is NW $\frac{1}{4}$ of Section 16, Twp. 7 N. Rge. 33 E.B.M.

6. The date of priority which said user is prepared to establish is December 3rd, 1953.

Re: Permit No. G-24595

Mr. Wendell D. Adamson
Box 525
Sugar City, Idaho

Dear Mr. Adamson:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24595. The proofs are to be made at 10:00 A. M., on the 28th day of November, 1958, before Ralph A. Parker, a Notary Public, at Rexburg, Idaho.

As of this date we have mailed the notice to the Rigby Star, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 A, M., on the 28th day of November,
1958, at Rexburg, County of Madison, State of Idaho,
before Ralph A. Parker, Notary Public, at (address) Rexburg,
Idaho., proof will be submitted of the completion
of works for the diversion of ~~4.33~~ ^{6.0} cubic feet per second of underground
water from a well, and of the application to beneficial use of said water,
in accordance with the terms and conditions of Permit No B-24595 heretofore
issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit is WENDELL D. ADAMSON, Sugar City, Idaho.

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use is ~~6.33~~ ^{6.0} cubic feet per second.

3. The use to which said water has been applied is Irrigation & Domestic
purposes, and the amount applied to beneficial use is
3.10 cubic feet per second.

4. The point of diversion of said water is NE 1/4 of Section 16,
Township 7 North, Range 33 East Boise Meridian, in Jefferson County, Idaho.

5. The place where said water is used is NW 1/4 of Section 16,
Township 7 North, Range 33 East Boise Meridian, in Jefferson County, Idaho.

6. The date of priority which said user is prepared to establish is
December 3rd, 1958.

DEPARTMENT OF RECLAMATION

BOISE

RE: Permit No. G-24595

Date October 1, 1958

Messrs. Gerald Adamsen - Rt. 1, Shelley, Idaho
and Wendell Adamson - Sugar City, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24595 are due not later than December 3, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

RE: Permit No. G-24595

Date October 1, 1958

Messrs. Wendell Adamson - Sugar City, Idaho
and Gerald Adamson - Rt. 1, Shelley, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24595 are due not later than December 3, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

Boise, Idaho.

RECEIVED
JUN 27 1958
Department of Reclamation

attention Mark R Kulp assistant.

Enclosed is an assignment from Gerald Adamson to myself Wendell Adamson on the well for which I wish to finish the water right for beneficial use. Reference to paragraph four of your letter of May 29, 1958.

It is my understanding the permit No. of Mr. Peter W. Taylor is running out Dec 10, 1958 and I don't think I can drill ~~before~~ another well before then so I will apply for a new permit on ~~on~~ the south $\frac{1}{2}$ of sec. 16 before we start drilling. So I guess we can let Mr. Taylor's permit die. If we drill before Dec. 10 would his permit be effective of its date with his assignment or has too much time gone by.

We can now complete the necessary filings on the well in the NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of section 16. Any information you may need I will quickly forward it to you.

Yours truly,
Wendell Adamson

Re: Permit No. G-24595 - Mr. Gerald Adamson
Permit No. G-24601 - Mr. Peter W. Taylor

Mr. Wendell Adamson
Box 525
Sugar City, Idaho

Dear Mr. Adamson:

This is in reply to your letter of May 27, 1958, stating that you have purchased the Peter Taylor land described as the S $\frac{1}{2}$ of Section 16 and also the NW $\frac{1}{4}$ of Section 16.

Our records show that Permit No. G-24601 is in the name of Peter W. Taylor for lands described as the S $\frac{1}{2}$ of Section 16, Township 7 North, Range 33 East. The point of diversion, or well locations are in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said section 16. In order to get this permit assigned to yourself, it will be necessary for you to fill out the enclosed form of assignment, to be signed by Peter Taylor, to yourself.

Relative to Permit No. G-24595, in the name of Gerald Adamson, the land under this permit is described as being the N $\frac{1}{2}$ of Section 16, Township 7 North, Range 33 East.

You state that you now own the NW $\frac{1}{4}$ of Section 16, therefore you should get an assignment signed by Gerald Adamson, assigning one half interest in said permit, or to all water rights from the well located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ to lands designated as the NW $\frac{1}{4}$ of Section 16.

Upon the receipt of the two assignments, together with a fee of one dollar - fifty cents for each assignment - for recording, the same will be recorded on the records of this department.

24595

Mr. Wendell Adamson

-2-

May 29, 1958

Providing you are prepared to make Completion of Works and Application of Water to Beneficial Use, in connection with your proportion of Permit No. G-24595 and all of Permit No. G-24601, we will then send you further instructions as to how to proceed to obtain a license of water right.

We are enclosing a little sketch-map showing the location of the land in question, also the location of the wells by small circles, which may be of some value to you.

Completion of Works and Beneficial Use Proof on Permit No. G-24601 is due on December 10, 1958. The same proofs are due on Permit No. G-24595 on December 3, 1958.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
MAY 29 1958
Department of Reclamation

Dear Sir.

Permits were issued to Peter Taylor and Gerald Adamson for wells to be drilled on section sixteen range 33 E Township 7 north in Montevideo Idaho. Dec, 14 1953. I have since purchased Peter Taylors south half of section 16 and the N.W. $\frac{1}{4}$ of Gerald Adamson's section. Please check your files for the permit No. of the well to be drilled on south N.W. $\frac{1}{4}$ of section 16. It is placed in the N.E. 40 acres of the N.W. $\frac{1}{4}$ of section 16.

Drilling began 9-25-54
Tested Spring of 1955

Pump installed April 1958 for Irrigational purposes
& now in use.

250 ft setting
10 inc Collapsible
3-14 inch Bore
2200 Gal per Min.

Please help me complete whatever is necessary in establishing this water right for this ground. I do not have in my file the permit No. for this quarter section. I do have Permit No. G-24601 of the South

half of section 16 which we have not yet drilled.

Any information you may need I will send it
right to you.

Yours very truly,

Wendell Adamson

**NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that 10 a.m., on the 28th day of November, 1953, at Rexburg, County of Madison, State of Idaho, before Ralph A. Parker, Notary Public, at Rexburg, Idaho, proof will be submitted of the completion of works for the diversion of 6.0 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24595, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is WENDELL D. ADAMSON, Sugar City, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.0 cubic feet per second.

3. The use to which said water has been applied is Irrigation & Domestic Purposes, and the amount applied to beneficial use is 3.10 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 16, Twp. 7 No., Rge. 33 E.B.M.

5. The place where said water is used is NW $\frac{1}{4}$ of Section 16, Twp. 7 N. Rge. 33 E.B.M.

6. The date of priority which said user is prepared to establish is December 3rd, 1953.

GEO. N. CARTER,
State Reclamation Engineer.
