Dear Mr. Bloom:

Assignments of the three permits to Wintroath Pumps have been received. The regular fee for recording assignments on our form is \$0.50 each, however, the fee for the assignments submitted must be increased to \$1.50 each, or a total of \$4.50.

Our regular form for assignment was sent to you. Is there any reason why that form cannot be used? Such voluminous documents take much space in our permanent record of permits, invite errors in recording (in fact the documents submitted are not entirely free of errors) and are time consuming for our limited staff.

The assignment recorded in this office is only to change the name of the holder of the permit and all of the balance of the submitted documents relates to extraneous matters which should be filed only in the County Court House.

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Esther Louise Archer; Rupert, Idaho; occupation, housewife; postoffice address, 914-6th St., Rupert, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-24280, date of permit 7/14/53; date of priority, 7/3/53;

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. The source of my water is a well in the NW¹/₄ NE¹/₄ Sec. 27, T 6 N - R 35 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works of diversion consist of 18" hole, 350 ft. deep. Water stands at 237'. There is a 150 h.p. pump and motor with a discharge of 200". I have one mile of steel mainline running east and west with 7-4" laterals, 1300' long each. They take off the main line at 54' intervals. Each lateral has 33 sprinkler heads with 6 5/8 GPM, or 58 lbs. pressure. The pump was measured by the pump company using the orifice method.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water is used for the irrigation of the following lands: NE¹/₄ S¹/₄ NW¹/₄ Sec. 27, T 6 N - R 35 E., B.M. and all of the area in these 40s is irrigable. There is no natural meadow. All improvements are made as a direct result of said use.

R 24280

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The amount now being used is the minimum which I can get by on.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have used this water since the allowance of my desert entry in 1954.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

Permit No. G-24280

Proof of Application of Water to Beneficial Use

Deposition of Witness *and Completion of Works*

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Name, Ted Ahlm; age, 41; residence, Buhl, Idaho; occupation, Farmer
and Implement dealer; postoffice address, 226 Ninth Ave., North, Buhl, Idaho.

Ques. 2. Are you acquainted with Esther Louise Archer, the
holder of Permit No. G-24280? How long have you known him and where does
he reside?

Ans. Yes. I have known her for 12 years. She resides at 914-6th St.,
Rupert, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24280, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. The source of this water is a drilled well in the NW 1/4 NE 1/4, Sec. 27, T. 6 N. R. 35 E.,
Works consist of a drilled well 350 ft. deep, 150 h.p. pump and motor which discharges
200" of water. There is also a sprinkler system with 7 laterals taking off the
main line at 54' intervals.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 200".

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. I have seen the pump deliver over 200" of water. This was measured by
the pump company.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water is used for the irrigation of the following lands: T. 6 N. R. 35 E., B.M. Section 27, NE $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$. The land is all irrigable. This is all cultivated land and all the improvements have been made as a direct result of this use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a sandy, clay loam. This is the minimum amount of water necessary for the irrigation of the land.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the development of this water since the well was first drilled in 1955 and since the desert entry was allowed in 1954.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24280, in the name of Esther Louise Archer. Final proof is to be made before you, as Notary, at 10:30 A. M., on the 14th day of February, 1959, at 618 Idaho Building, Boise, Idaho.

As of this date we have mailed the Notice to the Rigby Star, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Dear ~~Mr.~~ Mrs. Archer:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24280 are due not later than February 15, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. G-24280
Esther Louise Archer

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

Enclosed is the Application for Amendment to Permit No. G-24289, Esther Louise Archer, as approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 86 of Permits as Page 24280 amending the points of diversion as described on record to read as follows: "NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 26, NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 27, Township 6 North, Range 35 East, B.M." This should now be attached to the original permit to which it refers and of which it becomes a part.

Very truly yours,

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-24280

RECEIVED
MAR 26 1958
Department of Reclamation

Comes now Ester Louise Archer and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. G-24280.

That the point of diversion is described in said permit as being located
NW1/4, Sec. 26; SE1/4, Sec. 27, T 6 N - R 35 E., B.M.

That he now requests that the point of diversion be changed to a point
located NE1/4, Sec. 26; NW1/4, Sec. 27, T 6 N - R 35 E., B.M.

That his reasons for desiring to make such change are as follows:

Upon further development of the land, it was found there are

more feasible well sites.

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Signed at Boise, Idaho, this 15 day of March, 1958

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby
approve the above and foregoing application for amendment to Permit to appropriate
the Public Waters of the State of Idaho, No. G-24280. This approval constitutes
a new permit and is issued as an amendment to the original permit, to which it re-
fers and of which it becomes a part, and said application is approved only insofar
as the rights of others will not be adversely affected thereby.
