Permit No. G-24047

Examination for Completion of Works and Beneficial Use

County Jefferson

27-7N.-35E

Q = 2.4 c.f.s. $\frac{200}{200} = 1000$

S = Well

P.D. = NW. 1/4, Sec. 27, T. 27 N. - R. 35 E.

$\frac{53000 \text{ KW}}{74.5} = 71 \text{ hp.}$

Use = Irrigation

one leg high

240 a. x 2200

220 a. x 2400

12' left

$12 \times 62.5 = \frac{750 \text{ ft}^2}{500} = 1.36$

Filed - April 25, 1953

Due - Feb. 21, 1956 (Ex.)

$\frac{71 \times 530}{12} = \frac{37630}{12}$
 $hp = \frac{W \times h}{550}$

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Affidavit of Publication

THE RIGBY STAR

STATE OF IDAHO, }
County of Jefferson } ss.

I, R. V. Jones, do solemnly swear that I am the printer of THE RIGBY STAR, a weekly newspaper as defined by Idaho Codes Annotated section 58-106 as amended, and that said newspaper is a weekly newspaper, printed and published at Rigby, Jefferson County, Idaho, having a general circulation in said county, and that said newspaper has been printed and published as a weekly newspaper, in said county, for more than 78 consecutive weeks prior to the first publication of the attached notice.

And affiant further says that said attached notice, advertisement or publication, as per clipping attached, was published in said newspaper in the regular and entire issue thereof, and not in any supplement issue thereof, for

24047 consecutive issues thereof; first publication having been made on the

15th day of December, 1955

and last publication on the

5th day of January, 1956

And affiant further says that at the times herein mentioned said newspaper was made up of at least four pages of at least five columns each, printed from type matter, of at least seventeen and three-fourths inches depth; and that there are at least two hundred bona fide subscribers in Jefferson County.

R. V. Jones

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 p. m., on the 10th day of January, 1956, at Idaho Falls, County of Bonneville, State of Idaho, before John L. Bloem, Notary Public proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of the waters of subterranean well located in the NW 1/4 - NE 1/4 Section 27, Township 7 N., Rge. 35 EBM and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24047 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Dennis Green, Hamer, Idaho.
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The place where said water is used is NE 1/4 SW 1/4, N 1/2 SE 1/4, Section 8, Township 6 North, Range 35, East Boise Meridian, Jefferson County, Idaho.

5. The date of priority which said user is prepared to establish is April 25, 1953.

MARK R. KULP,
State Reclamation Engineer.

CONDITIONS OF APPROVAL AND REMARKS

1. Use of water under this water right will be regulated by the watermaster of State Water District No. 31.
2. The right holder shall use the full allotment of appurtenant surface water rights in conjunction with groundwater diverted under this right and shall only divert groundwater under this right when water from the appurtenant surface water rights cannot be delivered to the right holder.
3. This right shall not be used if the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use.
4. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.
5. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
6. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
7. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
8. Prior to diversion of water under this approval, the right holder shall provide a means of measurement and lockable controlling works from all authorized points of diversion that is acceptable to the watermaster and will provide suitable control of the diversions.
- *** 9. The total instantaneous diversion of water from all points of diversion under Transfer 5335 shall not exceed 503.21 cfs during the irrigation season.
10. Approval of Transfer 5335 does not grant any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.
- ** 11. Rights 31-00327, 31-00328, 31-00329 and 31-00330 when combined shall not exceed a total diversion rate of 200.00 cfs during the irrigation season, and may be diverted at their full authorized rate of diversion into Mud Lake for storage purposes during the non-irrigation season.
- * 12. Right 31-02289 is limited to irrigation of 160.0 acres in the place of use described above in a single irrigation season.
- * 13. Right 31-02290 is limited to irrigation of 240.0 acres in the place of use described above in a single irrigation season.
- * 14. Right 31-02297 is limited to irrigation of 340.0 acres in the place of use described above in a single irrigation season.

CONDITIONS OF APPROVAL AND REMARKS

- * 15. Right 31-02310 is limited to irrigation of 290.0 acres in the place of use described above in a single irrigation season.
- * 16. Right 31-02317A is limited to irrigation of 404.0 acres in the place of use described above in a single irrigation season.
- * 17. Right 31-02317B is limited to irrigation of 95.0 acres in the place of use described above in a single irrigation season.
- * 18. Right 31-02321 is limited to irrigation of 96.0 acres in the place of use described above in a single irrigation season.
- * 19. Rights 31-00336B, 31-00337B, 31-02289, 31-02290, 31-02297, 31-02310, 31-02317A, 31-02317B and 31-02321 when combined shall not exceed the irrigation of 3107.2 acres in the place of use described above in a single irrigation season.
- * 20. Right 31-02239 is limited to the irrigation of 13,480.0 acres in the place of use described above in a single irrigation season.
- * 21. Right 31-07005 is limited to the irrigation of 17,088.0 acres in the place of use described above in a single irrigation season.
- * 22. Rights 31-02239, 31-02265, 31-02341, 31-02342, 31-02343, 31-02344, 31-02345 and 31-07005 when combined shall not exceed the irrigation of 17,240.0 acres in the place of use described above in a single irrigation season.
- 23. Two points of diversion are located within SESE, S14, T07N, R35E.
- 24. Two points of diversion are located within Lot 1(NWNW), S19, T07N, R35E.
- 25. Five points of diversion are located within SWSW, S25, T07N, R35E.
- 26. Seven points of diversion are located within NWSE, S25, T07N, R35E.
- 27. Two points of diversion are located within SESE, S26, T07N, R35E.

APPLICATION FOR TRANSFER OF WATER RIGHT
To Change the Point of Diversion and/or the Place of Use

APPROVED

Name of applicant JACKETT CANAL COMPANY Phone 523-0620

Post office address c/o HOLDEN, KIDWELL, HAHN & CRAPO, Box 129, Idaho Falls, Idaho

A. DESCRIPTION OF RIGHT AS RECORDED - See Attached Information

1. Right evidenced by:

a. Decree to _____ (Name)
in case of _____ vs _____
dated _____ in _____ county of _____
(Name of court)

b. License No. _____ issued by the Idaho Department of Water Resources

c. Claim No. _____ on file with the Idaho Department of Water Resources

2. If applicant is not the original holder of this right, explain how it was acquired and attach a copy of the deed or other evidence of ownership of the land to which the right is appurtenant _____

3. Source of water _____ tributary to _____

4. Date of priority _____

5. Water is used for the following purposes:

amount _____ for _____ purposes from _____ to _____
amount _____ for _____ purposes from _____ to _____
amount _____ for _____ purposes from _____ to _____
(month/day - both dates inclusive)

6. Total amount of water under right: a. _____ cubic feet per second
&/or
b. _____ acre feet per annum

7. Location of original point of diversion is _____ 1/4 of _____ 1/4 of Section _____
Township _____ Range _____, B.M., in _____ County
Additional points of diversion, if any _____

8. Lands irrigated or place of use:

TWP.	RANGE	SEC.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TOTALS

RECORDED

JUL 7 1978

Department of Water Resources
Eastern District Office

A. DESCRIPTION OF RIGHTS AS RECORDED:

1. Rights evidenced by:

a. Decreed Rights:

(1) Ernest Sauve, Plaintiff, vs. W. H. Abbott, et al, Defendants;
dated November 1, 1930; in the District Court of the United States for the District of Idaho, Eastern Division. Proceedings were held in Pocatello, Bannock County, Idaho, but the decree purports to allocate the waters of Mud Lake in Jefferson County, Idaho, and its tributaries. All lands irrigated through applicant's system are in Jefferson County. These rights were conveyed to applicant by an instrument entitled "Water Deed", dated May 1, 1956, recorded as Instrument No. 116320 in the records of Jefferson County, Idaho, on September 15, 1958; also in Book 55 of Water Deeds at page 309. A copy of this deed is attached hereto. The information for each such water right is listed as follows:

- | | |
|----------------------|---|
| (a) Right No. - | 31-0134 (Page 47 of Decree, No. 70) |
| Decreed to - | Los Angeles First National Bank and Trust Company (formerly First Nat'l Bank of Los Angeles), a corporation. |
| Source - | Camas Creek, a tributary of Mud Lake. |
| Priority Date - | March 20, 1911. |
| Water Used For - | Irrigation |
| Amount - | 3.5 cfs |
| Point of Diversion - | In Lot 4, Section 4, Township 6 North, Range 35 East, B.M. |
| Place of Use - | 7.38 acres in Lot 7, Section 32, Township 7 North, Range 35 East, B.M.
41. acres in Lot 4, Section 4; 41. acres in Lot 1, Section 4; 52.25 acres in Lot 2, Section 5; all in Township 6 North, Range 35 East, B.M. |
| (b) Right No. - | 31-0135 (Page 47 of Decree, No. 70) |
| Decreed to - | Los Angeles First Nat'l Bank and Trust Company (formerly First Nat'l Bank of Los Angeles), a corporation. |
| Source - | Mud Lake |
| Priority Date - | June 10, 1912 |
| Water Used For - | Irrigation |
| Amount - | 2.5 cfs |
| Point of Diversion - | Near the Center of the Southwest Quarter of Section 5, Township 6 North, Range 35 East, B.M. |

- Place of Use - 320 acres as follows: 40 acres in the Northwest Quarter of the Northwest Quarter; 40 acres in the Northeast Quarter of the Northwest Quarter; 40 acres in the Southwest Quarter of the Northwest Quarter; 40 acres in the Southeast Quarter of the Northwest Quarter; 40 acres in the Northwest Quarter of the Northeast Quarter; 40 acres in the Southwest Quarter of the Northeast Quarter; 40 acres in the Northwest Quarter of the Southeast Quarter; 40 acres in the Northeast Quarter of the Southwest Quarter - all in Section 8, Township 6 North, Range 35 East B.M.
- (c) Right No. - 31-0143 (Page 49 of Decree, No. 75)
 Decreed to - Clarence O. McGill and G. B. Adams.
 Source - Camas Creek, a tributary of Mud Lake.
 Priority Date - March 29, 1911
 Water Used For - Irrigation
 Amount - 1.0 cfs
 Point of Diversion - In Lot 4, Section 3, Township 6 North, Range 35 East B.M.
 Place of Use - Lots 3⁴ and 4⁴, the Southwest Quarter of the Northwest Quarter; the Southwest Quarter of the Southwest Quarter, the Northeast Quarter of the Southwest Quarter, and the Northwest Quarter of the Southwest Quarter, all in Section 3, Township 6 North, Range 35 East, B.M.
- (d) Right No. - 31-0144 (Page 49 of Decree, No. 75)
 Decreed to - Clarence O. McGill and G.B. Adams
 Source - Camas Creek, a tributary of Mud Lake
 Priority Date - September 21, 1912.
 Water Used For - Irrigation
 Amount - 1.0 cfs
 Point of Diversion - Same as 31-0143.
 Place of Use - Same as 31-0143.
- (e) Right No. - 31-0190 (Page 60 of Decree, No. 99)
 Decreed to - Merritt M. Owsley
 Source - Camas Creek, a tributary of Mud Lake.
 Priority Date - October 14, 1913.
 Water Used For - Irrigation
 Amount - 5.9 cfs
 Point of Diversion - A point South 73.75° East 1222 feet from the Northwest Corner of Section 3, Township 6 North, Range 35 East, B.M.
 Place of Use - The Southwest Quarter, the West Half of the Southeast Quarter, and the West Half of the Northeast Quarter, of Section 9, Township 6 North, Range 35 East, B.M.

MICROFILMED

(2) The Owsley Canal Company, Plaintiff, vs. Ernest Bauerle, et al, Defendants; dated October 14, 1940; in the District Court of the Ninth Judicial District of the State of Idaho, In and For Jefferson County. These rights were conveyed to applicant by instrument entitled "Water Deed", dated December 20, 1956, recorded as Instrument No. 120684, in the records of Jefferson County, Idaho on December 11, 1959; also in Book 81 of Water Deeds, at Page 56. A copy of this deed is attached. By this deed, Independent Water Users of Mud Lake, Inc., conveyed to applicant:

"An undivided one-third (1/3) in and to all of the water and water rights and diversion works of every kind, nature and description owned by said First Party, or in which First Party has any interest and particularly, but not limited thereto, an undivided one-third (1/3) interest in and to the water rights evidenced by Idaho Water License No. 17690 and Idaho Water Permit No. 17763."

The Bauerle Decree recites that Independent Water Users of Mud Lake, Inc., is the owner of this license and permit and appears to confirm or decree the rights represented in both the license and the permit. Subsequently the Permit, No. 17763/31-2254 was canceled for failure to submit proof of beneficial use. However, water has been diverted and applied to beneficial use each year in reliance on this right and the applicant has always relied on the decree as evidence of the rights, rather than the license or permit. We are attaching a copy of a letter from Mr. Bobby D. Fleenor of the Department to Don Shenton, dated June 4, 1974, explaining that the permit was canceled because after the entry of the Decree there was no longer any need to prove up on the permit, and the filing was unnecessary. The rights under this decree are described as follows:

RECEIVED

(a) Right No. - 31-0336 (License No. 17690/31-2253)
Decreed to - Independent Water Users of Mud Lake, Inc.
Source - Ground Water
Priority Date - April 27, 1932
Water Used For - Irrigation
Amount - Decree says 32.50 cubic feet per second, but combined with Right No. 31-0337 "an amount not exceeding in the aggregate the equivalent of 91.8 cubic feet per second, flowing continuously during the irrigation season from May 1 to November 1 of each year."
Point of Diversion - Northeast Quarter Northwest Quarter Section 3, Township 6 North, Range 35 E.B.M., Jefferson County.
Place of Use -

Point of Diversion - Northwest Quarter Northeast Quarter Section 27, Township 7 North Range 35 E.B.M.

Place of Use - 36 acres in Northeast Quarter South-west Quarter, 34 acres in North-east Quarter Southeast Quarter, 26 acres in Northwest Quarter Southeast Quarter all in Section 8, Township 6 North, Range 35 E.B.M.

All of the above described Licensed Rights were deeded to the Jackett Canal Company shortly after its organization in 1956. copies of all of the deeds are attached.

C. DESCRIPTION OF RIGHT OR PORTION THEREOF, AFTER THE REQUESTED CHANGE:

1. Change in point of diversion:

- a. Amount of water to be diverted - the combination of all of the above described rights of the Jackett Canal Company amounts to 75 cubic feet per second. The decreed rights from Camas Creek are pumped out of Camas Creek at the points of diversion described below, so long as water is available to fill these rights. The seven wells maintained by the company are used only to the extent necessary to supplement the creek rights. Usually, this requires an increased use of the wells as the season progresses. Although the wells are usually operated to some extent from the time the irrigation season begins, in a sense, the wells are used as supplemental to the decreed rights from the creek.

b. Points of diversion -

- (1) Southwest Quarter Southwest Quarter, Section 13,
Township 7 North, Range 35 E.B.M., Jefferson County.
- (2) Northwest Quarter Southeast Quarter, Section 22,
Township 7 North, Range 35 E.B.M., Jefferson County.
- (3) Northwest Quarter Southwest Quarter, Section 23,
Township 7 North, Range 35 E.B.M., Jefferson County.
- (4) Southwest Quarter Southwest Quarter, Section 23,
Township 7 North, Range 35 E.B.M., Jefferson County.
- (5) Northwest Quarter Northeast Quarter, Section 27,
Township 7 North, Range 35 E.B.M., Jefferson County.
- (6) Southwest Quarter Southwest Quarter, Section 33,
Township 7 North, Range 35 E.B.M., Jefferson County.

(7) Lot 4 (Northwest Quarter Northwest Quarter), Section 3, Township 6 North, Range 35 E.B.M., Jefferson County.

- c. Description of diverting works - The Jackett Canal Company diverts both its decreed water rights from Camas Creek as well as the decreed and licensed rights from its seven wells at two locations on Camas Creek. The company maintains two pumps on Camas Creek in the Southwest Quarter of the Southwest Quarter of Section 33, Township 7 North, Range 35 E.B.M., and five pumps on Camas Creek in Lot 4 (Northwest Quarter Northwest Quarter), Section 3, Township 6 North, Range 35 E.B.M. The seven wells are located two to three miles north and east of the company's diversions from Camas Creek. Each of the wells discharges water into ditches which convey the well water into the Independent Ditch which empties into Camas Creek upstream from the two diversion points of the company. The Independent Ditch commences at a point in the Southwest Quarter of the Southwest Quarter of Section 13 where several wells are located at a point known as Buck Springs and flows in a generally southwest direction to the center of Section 27, Township 7 North, Range 35 E.B.M., and then directly south for approximately a mile where it discharges into Camas Creek in Section 34, Township 7 North, Range 35 E.B.M. In addition to assisting with the maintenance of the Independent Ditch and the small conveyances which discharge into the Independent Ditch, as well as the Jackett Canal system for distributing water to the lands of the stockholders south of Camas Creek, the company owns and maintains seven wells and fourteen pumps with electric motors ranging in size from 50 hp down to 20 hp.
- d. Describe the reasons for applying for a change in the points of diversion - The purpose of this entire application for

transfer is to conform the records of the department to the actual practice of the company which has been carried on since its organization in 1956. Some of the points of diversion as far as the actual records are concerned may be somewhat confusing because of the changes that were made at that time, as well as a result of the numerous deeds which the company received from individual stockholders as well as the Independent Water Users of Mud Lake, Inc. at the time of the organization. In fact, in reviewing the language of the deed from Independent Water Users of Mud Lake, Inc. to Jackett Canal Company in 1956, we observed that the deed purported to convey an undivided one-third interest in the wells and pumps and other diverting works, as well as the conveyance system and water right itself. There are actually five wells at Buck Springs, all located in the Southwest Quarter of the Southwest Quarter of Section 13, Township 7 North, Range 35 E.B.M. In actual practice, Jackett Canal Company has been treated as owning the two western most wells and Independent Water Users of Mud Lake, Inc. the three eastern most wells. In order to clarify this situation, the two companies have exchanged quit claim deeds on these wells, again to make the records conform to the actual practice. Copies of those deeds are enclosed with this application.

2. Change in place of use:

- a. Describe the lands or place of use to which the right will be transferred:

Total number of acres to be irrigated 3,107.23

- b. Draw a map indicating the new points of diversion and/or the new land to be irrigated. Show clearly the land involved by section, township, and range number. The attached map showing lands of the company irrigated by its stockholders colored in yellow with points of diversion and location of wells shown in blue.
3. Remarks - An attempt has been made by the applicant to identify the exact property of its stockholders upon which the company water is to be used, as well as the points of diversion. Essentially, the actual practice of the company has been as shown for a period of nearly 22 years. Recently, when the company began to review its water rights, it was discovered that although they were deeded to the company in 1956, no effort had been made to transfer the water rights so that an equal amount was appurtenant to each acre of ground within the system. Indeed, we discovered that the records would show that some land had several water rights appurtenant and some of the company land had no water rights appurtenant. It is the desire and intention of the company that all of the company's water rights be transferred to all of the company's lands so that each acre has an equal amount of each of the company's rights appurtenant to it since this is the way the company has actually operated.

3. Remarks _____

I hereby assert that no one will be injured by such change and the change does not constitute an enlargement use of the original right. The information contained in this application is true to the best of my knowledge.

Burton R. Yearley
(Signature of applicant)

Subscribed and sworn to before me this 26 day of JUNE, 19 78

Paul H. Vetter

My commission expires LIFE

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Transfer of Water Rights No. 31-0190 and said application is hereby approved

1. Approval of said application is subject to the following limitations and conditions:

(1) Any future transfer of any of these rights will cause the remaining rights to revert back to the original acreage. (2) The intent of this transfer is to record water delivery practices that have existed since 1956 - no change in delivery patterns is authorized. (3) Diversion of water authorized by this transfer shall not exceed 9321 acre feet per annum. (4) Measuring devices and controlling works of a type approved by this Department must be permanently installed and maintained at the points of diversion from groundwater. The existing measuring methodology shall be maintained at the points of diversion/re-diversion from Camas Creek. (5) Use of water under this transfer is subject to control by the watermaster of Water District No. 31, Mud Lake and tributaries.

Witness my hand this 23rd day of June, 1981.

State of Idaho
License and Certificate of Water Right

Water License No. G-24047

Amount 1.92 second feet

Water District No. _____

Priority April 25, 1953

THIS IS TO CERTIFY that DENNIS GREEN

of Menan, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated April 25, 19 53; that Permit No. G-24047 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 1.92 second feet, was issued thereunder on October 12, 1956, showing that said works were completed on the 10th day of January, 19 56; and that on the 10th day of January, 19 56,

DENNIS GREEN

of Menan, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of a well,

~~perched aquifer~~ (subterranean flow), for the purpose of irrigation,

under Use Permit No. G-24047 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume

9 of Licenses at page 5824, on the 12th day of October, 19 56;

The right hereby confirmed dates from April 25, 19 53;

The Point of Diversion is located

in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 27, Tp. 7N, R. 35 E., B. M. Jefferson / County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 1.92 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31824
Permit No. G- 24047
District No.

Albaugh, Bloem, Barnard & Smith
Box 428
Idaho Falls, Idaho

1. Name of Applicant: DENNIS GREEN
Postoffice address: Menan County: Jefferson State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 2.4 or Idaho
Miners' inches 120 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean well
4. Location of point of diversion or well is in the NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 27
Twp. 7 N. , Rge. 35 E. , B.M., County of Jefferson
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, pumps, ditches
8. Estimated cost of works: \$ 2,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is one years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) 2.4 (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Applicant.

Agent.

Returned to applicant for correction:

Corrected application received:

The number of this permit is G-24047

Recorded in Book 85 Page 24047 Approved May 2, 1953

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before July 2, 1953 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before May 2, 1954

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before May 2, 1955

Witness my hand this 2nd day of May, 1953

 CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that Dennis GREEN of Menan, County of Jefferson, and State of Idaho, the holder of Permit No. G-24047, issued upon Application No. G-31824 bearing date of priority of April 25, 1953, authorizing the diversion of 2.4 second feet of the waters of subterranean well, County of Jefferson, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1.92 second feet of the waters of said well; that the point of diversion of said waters is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 27, Township 7 North, Range 35 East, B.M.; and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: N $\frac{1}{2}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 8, Township 6 North, Range 35 East, B.M.

Witness my hand this 12th day of October, A. D. 1956.

MARK R. KULP
 State Reclamation Engineer

Proof of completion of works made January 10, 1956
 Certificate of Completion of Works issued October 12, 1956.

02344/02345/07005

FROM: Pam Skaggs²⁸/State Office

SUBJECT: Transfer 5335

DATE: February 9, 1999

Transfer 5335 combines the groundwater rights of the Holley Water Users, Jackett Canal Co, and Owsley Canal company. These three companies have combined under the Owsley Canal Company name and will operate a single combined system.

The application identifies 34 points of diversion and a combination of the land lists evidenced under each company's SRBA claims or 24261.3 acres. The decreed rights are vague, while the licensed rights identify specific acres and limits. SRBA review of all these rights through the adjudication process will provide specifics and verify the validity of all of these rights.

Review of these rights found that Right 31-02317 was actually licensed in two parts with separate rates and priority dates. These rights were more accurately entered as Parts A & B on the database and the additional 8.08 cfs added to the total diversion rate under this transfer. Also, a combined limit of 200.00 cfs during the irrigation season was identified under Rights 31-00327/00328/00329 & 00330. Right 31-02259 was listed on the application, however this right was superseded by Right 31-00330. After making these adjustments, the total rate of diversion under these rights is 643.21 cfs limited to 503.21 cfs during the irrigation season and 5,000 af storage.

Season of use and diversion volume were adjusted to current standards where specific acres were identified. Recommended conditions include watermaster control, supplemental groundwater, irrigation overlap, measuring/lockable controlling works, right-of-way, permissible place of use, combined limits and standard transfer conditions.

The approval of this permit authorizes the construction of a well as described on this application subject to the conditions on this permit.

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from its date of issuance for the start of construction and is valid for one (1) year from the date of issuance for completion of the well unless an extension has been granted.
3. This permit does not constitute the approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Issuance of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.

SPECIFIC CONDITIONS:

Dated this 23rd day of SEPTEMBER, 1988.

RE: Permit No. G-24047

Mr. Dennis Green
Hamer
Idaho

Dear Mr. Green:

We enclose Certificate of Completion of Works also License and Certificate of Water Right issued on Permit No. G-24047, confirming your right to the use of 1.92 second feet of the waters of a well located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 27, Township 7 North, Range 35 East, B.M., with priority of April 25, 1953, for irrigation of land in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 8, Twp. 6 North, Range 35 East, B.M.

We also enclose departmental receipt No. G-2183 for the \$11.00 completion of works and license fees.

Very truly yours,

MARK R. KULP

RE: Permits Nos. 20948 and G-24047

Mr. Dennis Green
Hamer
Idaho

Dear Mr. Green:

By checking Mr. Passey's Permit No. 20891, our deputy State Reclamation Engineer, Mr. Humphrey, finds a report that states the amount of water being asked for in Permits Nos. 20948 and G-24047 was being pumped at that time, August 7, 1951, and was measured by Watermaster Hemminger.

Upon the basis of that report and the check he made as to lands irrigated he is recommending license for both permits.

The report on Permit No. G-24047 shows that you have irrigated 96 acres of land in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 8, Twp. 6 N., Rge. 35 E., B.M., with the waters of a well located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 27, Twp. 7 N., Rge. 35 E., B.M.

A Certificate of Completion of Works and License can, therefore, be issued for 96 inches or 1.92 second feet of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$6.00 license fee, or a total of \$11.00.

The report on Permit No. 20948 shows that you have irrigated 240 acres of land in the SE $\frac{1}{4}$ and E $\frac{1}{4}$ SW $\frac{1}{4}$ Section 5, Township 6 North, Range 35 East, B.M. with the waters of a well located in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 27, Township 7 North, Range 35 East, B.M.

A License can, therefore, be issued for 3.6 second feet (the amount of water filed on) of water upon receipt of the license fee amounting to \$12.00.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

REPORT OF ENGINEER

Permit No. G-24047

This proof is for Completion of Works and Beneficial Use In Water District No. _____

1. Name of applicant Dennis Green, Terreton, Idaho

2. Source of water supply: Subterranean well

3. Location of point of diversion: Is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 27

T. 7 N. R. 35 East B.M. County of Jefferson

4. Describe works as they exist, giving dimensions and capacities of same: _____

(See Remarks.)

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: _____

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

NW $\frac{1}{4}$ SW $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 8, Twp. 6 N., Range 35 E.B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: See Previous Permit # 20891 also
Green's # 20948.

There is sufficient water for this permit
on basis of report in # 20891

This examination was made on the 24 day of July, 19 56

RE: Permit No. G-24047 & 20948

Mr. Dennis Green
Terreton
Idaho

Dear Mr. Green:

State law requires that a field inspection be made on any Permit being brought to license within the State of Idaho.

I intend to make inspection on your two permits on Tuesday, July 24, 1956, in the afternoon.

Please be prepared to accompany me on the inspection.

I will drive to the place where the well is located if I do not contact you before the time of our meeting.

Very truly yours,

ATTENTION: Mr. John L. Bloem

Dear Mr. Bloem:

We acknowledge receipt of the depositions of Dennis Green and two witnesses also affidavit of publication all submitted in proof of completion of works and beneficial use on his permit No. G-24047.

This completes the proof, but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Green at the time he makes the examination so that arrangements may be made to show him over the grounds.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 p. m., on the 10th day of January, 1956, at Idaho Falls, County of Bonneville, State of Idaho, before John L. Bloem, Notary Public proof will be submitted of the completion of works for the diversion of 2.4 cubic feet per second of the waters of subterranean well located in the NW 1/4, NE 1/4, Section 27, Township 7 N., Rge. 35 EBM and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24047 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Dennis Green, Hamer, Idaho.

2. Said works of diversion will be fully completed on the date of such completion, and the amount of water which said works are capable of diverting is

plans accompanying the application for such permit, is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 2.4 cubic feet per second.

4. The place where said water is used is NE 1/4 SW 1/4, N 1/4 SE 1/4, Section 8, Township 6 North, Range 35 East Boise Meridian, Jefferson County, Idaho.

5. The date of priority which said user is prepared to establish is April 25, 1953.

MARK R. KULP,
State Reclamation Engineer.
(Pub. Dec. 15, 22, 29, 1953, Jan 5, 1956.)

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-24047

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Dennis Green, Terreton, Idaho, farmer; P.O. Address Hamer, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit G 24047, dated May 2, 1953; priority April 25, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean well, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 27, Twp. 7 N.R. 35 EBM

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. 26" uncased well, with turbine pump, capable of delivering in excess of 2.4 cfs (120 inches) of water; private ditch to Independent Ditch; through Independent ditch to Camas Creek; through Camas Creek to pump into Jackett System ditch; and from Jackett System ditch through private ditch to land. Well is about 29 feet deep, and will produce approximately 520 inches; used by holder with others.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of: NE $\frac{1}{4}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, Section 8, Twp. 6 N.R. 35 EBM; land irrigated was arid in character and required irrigation to produce crops; is now productive, cultivated land. All 40 acres of NE $\frac{1}{4}$ SW $\frac{1}{4}$, and about 55 acres of N $\frac{1}{2}$ SE $\frac{1}{4}$ are irrigated at this time; other 25 acres of N $\frac{1}{2}$ SE $\frac{1}{4}$ now partially irrigated.

G 24047

11/17

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. --

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. At least one inch per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. --

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Well was drilled before permit was issued, and portions of this land was first irrigated from this well in 1951; use has been steadily increased annually since said date, with irrigation each season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water for this land.

(Sign)

Dennis Green

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Idaho Falls, County of Bonneville.

State of Idaho, on this 10th day of January, A. D. 1956.

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-24047

Proof of Application of Water to Beneficial Use
AND COMPLETION OF WORKS
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Blaine F. McKinley, age 33, Terreton, Idaho, farmer; P.O. address
Hamer, Idaho.

Ques. 2. Are you acquainted with Dennis Green, the
holder of Permit No. G-24047? How long have you known him and where does
he reside?

Ans. Yes, I have known him for 5 years; he resides at Terreton,
Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24047, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Water supply from subterranean well; works consist of well,
pump, and series of ditches and water courses from well to place
of use.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. In excess of 2.4 cfs. I have seen this amount conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. I have seen pump deliver about 5 cfs (450") of water, estimated
by comparison with other streams of water.

24047

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 8, Twp. 6 N.R. 35, 40 acres irrigated;
~~N $\frac{1}{2}$ SE $\frac{1}{4}$, Section 8, Twp. 6 N.R. 35, 80 acres, of which 55 acres or more~~
~~are completely irrigated and 25 acres partially irrigated.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land was formerly sagebrush and sparse grazing land, arid in
character; now productive, irrigated land, requiring 1 inch per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I first saw this land partially irrigated out of this well in
spring of 1952, and water and land have been annually developed
since, to its present state of irrigation.

(Signed) *Blaine J. McKinlay*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Idaho Falls,
County of Bonneville, State of Idaho, on this 10th day of January,

State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of NE $\frac{1}{4}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, Section 8, Twp. 6 N., R. 35, EBM; all except 25 acres completely irrigated; remaining 25 acres are rough ground and only partially irrigated at this time. Land is naturally arid, and through irrigation is now cultivated, productive land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is sandy loam, naturally arid, and requires at least one inch per acre for irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I first saw this land irrigated through this pump in spring of 1953; I have since seen the full flow of 2.4 cfs conveyed to and used on this land.

(Signed) James E. Nelson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Idaho Falls, County of Bonneville, State of Idaho, on this 10th day of January, A. D. 1956.

RE: Permits Nos. 20948 & G-24047

Rigby Star
Rigby
Idaho

Gentlemen:

We have checked the notices on the above numbered Permits of Dennis Green appearing in your issue of December 15 and find the following typographical errors:

1. On Permit No. 20948, the word is in the last line is misspelled.
2. On Permit No. G-24047 there are several corrections as follows:
 - a. In the next to last line of the first paragraph the word by is misspelled.
 - b. The third line of the paragraph numbered 2 seems to be repeated.
 - c. The word conveying, in the fourth line of the same paragraph is misspelled.

Please make these corrections in your subsequent issues.

Very truly yours,

MARK R. KULP

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 P. M., on the 10th
day of January, 1956, at Idaho Falls, County of
Bonneville, State of Idaho, before John L. Bloem, Notary Public
proof will be submitted of the completion of works for the diversion of
2.4 cubic feet per second of the waters of subterranean well located in the/
and of the application to beneficial use of said water, in accordance with
the terms and conditions of Permit No. G-24047 heretofore issued by the
Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation
holding said permit are Dennis Green, Hamer, Idaho

2. Said works of diversion will be fully completed on the date set
for such completion, and the amount of water which said works are capable of
conveying to the place of use, in accordance with the plans accompanying the
application for such permit, is 2.4 cubic feet per second.

3. The use to which said water has been applied is irrigation
and domestic purposes, and the amount applied to beneficial use is
2.4 cubic feet per second.

4. The place where said water is used is NE $\frac{1}{4}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, Section
8, Township 6 North, Range 35, East Boise Meridian, Jefferson
County, Idaho.

5. The date of priority which said user is prepared to establish is
April 25, 1953.

RE: Permit No. G-24047

Messrs. Albauh, Bloem, Barnard & Smith
P. O. Box 428
Idaho Falls, Idaho

ATTENTION: Mr. John L. Bloem

Dear Mr. Bloem:

We have your letter of December 7 enclosing forms of notice for completion of works and beneficial use on Permit No. G-24047 in the name of Dennis Green and we have set the date as January 10, 1956, and will send a copy to the Rigby Star with the usual instructions in regard to publishing.

Since the map plainly shows the location of the land in Range 35 instead of 34, it will not be necessary to file a formal application for amendment. We have corrected our records accordingly and you may correct the original permit.

We enclose the forms of deposition to be executed in making these proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. G-24047

MR. MARK R. KULP
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

In connection with the above numbered permit, we enclose herewith completed Form No. 36, in duplicate, and Form No. 11 signed by Dennis Green, for making Proof of Completion of Works and Application of Water to Beneficial Use.

The date for the hearing has been left blank to be filled in by you after publication dates have been determined. We told Mr. Green we thought it would be about January 9th or 10th.

The original Application and Permit was in error as listing the land to be irrigated as being in Range 34 instead of Range 35. The map accompanying the Application showed the land, correctly, in Range 35.

Will this require an amendment, or can you just make this change on the records?

Very truly yours,

ALBAUGH, BLOEM, BARNARD & SMITH

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) December 7, 1955

(P. O.) Hamer, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Rigby Star of Rigby, Idaho published in
the county in which the works are situated.

Dennis Green

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

Mr. Dennis Green
C/o Albaugh, Bloom, Barnard & Smith
Box 428
Idaho Falls, Idaho

Dear Sir:

We enclose herewith blank notice for proof of completion of works and application of water to beneficial use under your Permit No. G-24047. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than February 21, 1956.

Very truly yours,

HANK R. KULP
