Instructions to Examiners

1. Examiners will not be permitted to examine any of the receipts in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own right in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

Dear Sir:

Am just in receipt of deposition of Fred Woodie for proof of completion of works under the above permit.

Inasmuch as this permit claims more than 6.4 second feet of water, it will be necessary for the holders to publish their notice four full weeks prior to the date of making proof. Blank notices are herewith enclosed.

On October 5th, we sent our regular notices to the holders enclosing blank notices. These should have been filled out and returned to us instead of sending in a deposition of the holder.
