PROTEST TO CHANGE OF WATER RIGHT

RECEIVED

FEB 9 1970

TO: DEPARTMENT OF RECLAMATION
State House - Annex 2
Boise, Idaho 83707

Department of Reclamation

PLEASE TAKE NOTICE that the undersigned hereby protest against the proposed change of water right filed by Laird & Jones, Inc., of Dubois, Idaho, under No. 31-0003 whereby the applicant proposes to change the point of diversion and place of use as to 3.2 cfs of the waters of Camas Creek, tributary to Mud Lake, priority June 1, 1897, and in support of the protest respectfully represent as follows:

1. Each of the undersigned protestants owns water rights in Camas Creek, or its tributaries, tributary to Mud Lake, and in each case the point of diversion and the place of use of the water rights of protestants are upstream on Camas Creek, or its tributaries, from the proposed point of diversion and place of use of the applicant Laird & Jones, Inc.

2. Each protestant will sustain a substantial and real injury to the water rights of protestant if the application is granted due to a serious transmission loss from the existing point of diversion of the applicant to the proposed point of diversion. Protestants estimate that the transmission loss will be fifty per cent or greater, and during dry seasons when subsequent rights may be cut off, the transmission loss would be as much as eighty per cent.

3. Each of the protestants who has added the word "yes" to the column "Deprivation of Return Flow" following the signature of the protestant would also suffer a real and substantial injury to the water right of that protestant resulting from a depravation and loss of return flow if the proposed change of point of diversion and place of use is allowed.

Each of the protestants so indicating irrigates lands from a point or points of diversion downstream from the existing point of diversion and place of use of Laird & Jones, Inc., and upstream from the proposed point of diversion and place of use of Laird & Jones, Inc. Said lands are all within three miles, approximately, downstream from the present place of use. Each of the protestants, or their predecessor in right, appropriated the water right on the strength of the existence of the return flow in Camas Creek from the upstream use on the present place of use of the Laird & Jones, Inc. water right. The character of the land of the present place of use is such that there is now and has been for many years a substantial return flow from the place of use.

4. All of the protestants have water rights, as above described, subsequent in date to the priority date of applicant Laird & Jones, Inc. Starting about June 1st of each year the need of water for each of protestants becomes critical, and the allowance of the application would result in an earlier loss of water to all protestants, to their substantial injury in their agricultural operations.

5. From the last lands irrigated by protestants to the proposed point of diversion and place of use there is approximately seventeen miles of barren desert and sage brush ground which greatly increases the transmission loss.

Dated this 6th day of February, 1970.

Dear Mr. Flemer,

I am writing in regard to your letter, dated December 22, 1970 concerning transfer of water right in the name of Laird and Jones, Inc.

I learned in the informal conference held in Idaho Falls June 17, 1970 that the transfer does not involve me. Therefore, I would like to have my name removed from the petition.

Sincerely yours,

NOTICE OF CONFERENCE
AND/OR HEARING

On January 13, 1970, Laird & Jones, Inc., Dubois, Idaho, filed with the Department of Water Administration two applications for transfer of water right. On February 9, 1970, the Department of Reclamation received protests against approval of these two transfer from the following individuals: John A. Larick, Sherman Halverson, Howard E. Frederiksen, Ted Vadnais, Glen H. Stoddard, Loren J. McGarry, Kenneth L. Bennett, Roy McCormick all of Kilgore, Idaho; Ralph L. Hillman, Hugh Jensen, Clifford Hillman, Dyle Robertson all of Rexburg; Emmitt Hunter, St. Anthony, Idaho; Harold Siddoway, Teton City, Idaho; Ernest Siddoway, Teton Idaho; Arthur J. Munns, Thornton, Idaho; P. T. Rasmussen, Parker, Idaho; Cleo J. Harrop, Lorenzo, Idaho; and Irvin Harrop, Rigby, Idaho.

An informal conference was held in Idaho Falls on June 17, 1970 to discuss the issues of protest. The Department of Water Administration has set the matter of protest for conference and/or hearing again on January 7, 1971 at 8:30 A.M. in the District Court Room, Bonneville County Courthouse, Idaho Falls, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Administration. Oppourtunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in wri ing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicants or protestants may allow the Department without prejudice to dismiss the protests or the transfer applications. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

MEMO

Re: Transfer Applications Nos. 31-0003 and 31-0004

A conference was held on June 17, 1970, between the applicants and the protestants. The applicant was represented by A. L. Smith, Attorney at Law, Idaho Falls, Idaho. The protestants were represented by Ray W. Rigby & Gordon S. Thatcher, Attorneys at Law, Rexburg, Idaho. The points at issue appear to be twofold: (1) That the moving of the point of diversion downstream would cause excessive seepage losses, (2) That the change in the place of use from the area previously irrigated would injure other users in that the area was primarily subirrigated and that the water being moved by the applicant would not be available to assist in the subirrigation of the total area. From the discussion it appears that the loss might range from 8 to 20 per cent in moving the water downstream. The parties will attempt to reach an agreement within 30 days. If such an agreement is not forthcoming, we will set the matter for formal hearing.

The Department of Reclamation has set the matter of protest for conference and/or hearing on June 17, 1970, at 1:30 p. m., in the Probate Court Room, Bonneville County Courthouse, Idaho Falls, Idaho. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Reclamation.
