TO: Bob Haynes at IDWR Northern Region

FROM: Shelley W. Keen ^{SWK}

RE: Legal Description for 92-10015

The applicant for 92-10015 indicated that her point of diversion and place of use are in Govt. Lot 7 (SE $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 35, T45N, R3W. However, when drafting the permit I discovered that her map and the source of water suggest a location at Govt. Lot 7 (SE $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 35, T44N, R3W. See the permit SDE layer for confirmation. This one probably should be amended and re-advertised.
