

State of Idaho
Department of Water Resources
Permit to Appropriate Water

NO. 85-15635

Priority: April 18, 2005

Maximum Diversion Rate: 0.08 CFS

This is to certify, that RICHARD BAINES
RT 2 BOX 852
GRANGEVILLE ID 83530

has applied for a permit to appropriate water from:

Source: GROUND WATER

and a permit is APPROVED for development of water as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>
IRRIGATION	04/01 to 10/31	0.08 CFS

LOCATION OF POINT OF DIVERSION:

GROUND WATER NE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 24, Twp 30N, Rge 02E, B.M., IDAHO County

PLACE OF USE: IRRIGATION

Twp Rge Sec	NE				NW				SW				SE				Totals
	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
30N 02E 24													5.0	5.0	5.0		15.0
Total Acres:																	15

CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **June 01, 2006**.
2. Subject to all prior water rights.
3. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
4. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.0 afa per acre at the field headgate for irrigation of the lands above.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 10th day of June, 2005.

RE: Permit No. 85-15635

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a form entitled 'Instructions for Proof of Beneficial Use.' Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled 'Proof of Beneficial Use.' If your project is already completed, you should complete and submit this form immediately.

Upon review of your application, we found that the drilling permit fee submitted by Joseph and Lenore Hill in March of 1988 is not sufficient for this right if you plan to use this existing well for irrigation purposes. The fee paid was for a domestic well for one home. The correct fee for a drilling permit for a well to be used for irrigation purposes in 1988 is \$100.00. Since only \$10.00 was previously paid, we request that you submit an additional \$90.00 to upgrade the 1988 drilling permit fee. Please note on your check that the money is for "Upgrade for Well ID 285909". If you do not upgrade the drilling permit fee, we may withhold licensing of your development in the future.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-287-4947.

Sincerely,

A handwritten signature in black ink that reads "Shelley W. Keen". The signature is written in a cursive style with a large, stylized 'S' and 'K'.

Shelley W. Keen

Water Rights Supervisor

Enclosure(s)

CERTIFICATE OF SERVICE

I hereby certify that on June 13, 2005 I mailed a true and correct copy, postage prepaid, of the foregoing PRELIMINARY ORDER(Approved Permit) to the person(s) listed below:

RE: WATER RIGHT NO.

85-15635

**RICHARD BAINES
RT 2 BOX 852
GRANGEVILLE ID 83530**

**Kari Lynn Townsend
Secretary**

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of, or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Comment Report

85-15635

1. kwalker 6/10/2005 POD

Comment: Updated shape

2. kwalker 6/10/2005 POD

Comment: Updated PLS

3. kwalker 6/10/2005 POU

Comment: Updated Shape

4. kwalker 6/10/2005 Permit Review

Comment: Application falls within Salmon Clearwater moratorium area but is for ground water so is exempt from moratorium. No place of use overlap for this property. Changed irrigation season to standard for area. Applicant needs to upgrade drilling permit fee. Has been advised of this requirement by letter from Bob Haynes on 5/11/2005 and will be readvised in cover letter approving permit. Must upgrade drilling permit fee if system is to licensed in future. Place of use shape appears to be all within NWSE per map but applicant listed 3 40-acre tracts so updated arc view shape to include all 3 tracts applied for. Can fix at licensing. Recommend approval.

RE: Application for Permit No 85-15635

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Idaho County Free Press on May 18 and 25, 2005. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Preliminary review of the application indicates that additional information is required. Following publication, before we can forward your file to the state office, the status of the well drilling permit which was obtained by Joe Hill prior to the drilling of your well, must be upgraded from that of a domestic well to a non-domestic. The fee for this change is \$190.00 payable to the Idaho Department of Water Resources. Please refer to the above referenced number so that we may ensure proper credit is given.

Please feel free to contact this office if you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'Robert G. Haynes'.

RE: Application for Water Right for Irrigation
Christmas Ranch RV Park, Grangeville, Idaho

Dear Ken:

Please find enclosed the following items for the above referenced project:

1. Completed and signed Permit to Appropriate the Public Waters of the State of Idaho.
2. 8½" x 11" map identifying the location of the existing well.
3. Check for \$100.00 for the Application for Permit to Appropriate Waters of the State of Idaho.

The owner is planning on using the water from the existing well to irrigate his RV park, which is currently being constructed and the area around his residence that is located on the same property. Since the irrigation season is only a couple of months off, it would be greatly appreciated if you could process this application as soon as possible.

If you have any questions, or need any additional information, please do not hesitate to call me. Thanks for your time and effort concerning this matter. I look forward to talking with you again sometime in the near future.

Sincerely,

PROGRESSIVE ENGINEERING GROUP, INC.

Terry W. Nab, P.E.
Principal Engineer
