Subject: Application for Permit for Povey

Del:

Please submit some maps showing the location of the acres to be used for mitigation under Application for Permit 35-13521. I will need a map for each of the 3 "groups" of rights that are being offered as mitigation.

For instance, Rights 35-2727A and 35-7603C are appurtenant to 181 acres. The mitigation will utilize 170 of these acres, leaving 11 acres under the rights. In the 40 acre tract where the 11 acres are located we have a 27 acre place of use and I need to know which 16 acres, of the 27, will be used for mitigation. I will have to split the GIS shape files for the rights and want to make sure we use the lands intended for mitigation when I create the splits.

As far as I can tell this will be the last bit of information needed to proceed with the processing of the application. If you could obtain this information from all involved parties and let me know how to proceed it would be appreciated. Please let me know if you have questions regarding this.

Thanks. Kay Walker @IDWR
