RE: 37-21435 (SEABOARD PROPERTIES/BLUEGROUSE RIDGE SUBDIV)

Dear Jeff,

As per our conversation yesterday afternoon, I have enclosed a computer print-out of the Application for Permit, as we understand the intended development. I have made some changes from the original filing based on the letter from David Richards. The use is Domestic, with the irrigation of 8.6 acres a **component** of the domestic. The amount applied for was a total of 0.39 cfs when combined with Permit 37-8877, which has already been issued for 0.22 cfs, thus leaving the amount needed for this permit as 0.17 cfs. I listed two wells as mentioned by Mr. Richards as proposed well sites. If the second well is not needed, the license will reflect only one point of diversion.

Please look the application over and if it describes the intent of the proposed development, have Mr. McCoy re-sign this form and return it to our office. I can then continue to process the application and send it to advertising.

Feel free to give me a call if you have any questions.

Sincerely,

Jeanie Robertson
Sr. Water Resource Agent
