3. kwalker 4/29/2004 License Review

Comment: In review of this permit for licensing I searched for any rights that might be junior to this right. There are no junior rights on Dry Creek trib. to Snake River. I found one permit (45-13493) which is junior to this right which I located by searching all sources (%) trib. to Dry Creek. That permit is for stockwater and wildlife uses for BLM with the source identified as an unnamed stream trib. to West Fork Dry Creek.

4. kwalker 4/29/2004 Place of Use

Comment: In review of the field exam and map of system I found that one of the places of use had been omitted from the legal description of the place of use. Map shows use in SWSE, S26 but examiner failed to add this tract to field examination. I have added this tract to my recommendation.
