CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **June 1, 2007**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
4. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 74-W.
5. Upon specific notification by the Department, the right holder shall install a lockable device of a type acceptable to the Department in a manner that will provide the watermaster suitable control of the diversion.
6. Stockwater use is for 600 range cattle.

State of Idaho
Department of Water Resources
Permit to Appropriate Water

NO. 74-15450

CONDITIONS OF APPROVAL CONTINUED

7. This right, when considered with all other rights common to the same grazing allotment, is limited to the quantity of water beneficially used by the number of stock within the allotment.
8. This right does not grant any right-of-way or easement across the land of another.
9. Prior to the diversion and use of water under this approval, the right holder shall comply with all fish screening requirements of the Idaho Department of Fish and Game.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 30th day of May, 20 05.

FOR KARL J DREHER, Director
