Subject: Transfer Application (Dan Ward)

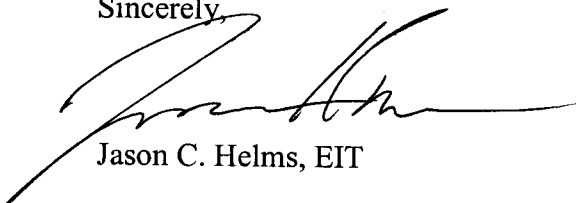

Dear Allen:

Enclosed is an application for water right transfer prepared on behalf of Dan Ward. This application proposes to transfer water from 22 acres of irrigated land in T.8S, R.21E under the remaining Marilyn & Vernon Phillips water rights to an existing and proposed new well located in T.10S, R.22E, Section 12 as shown in Part 3. The purpose of the transfer is to provide additional water for the dairy.

I have also enclosed what I believe are all pertinent documents relative to the water right being transferred. The hydrologic mitigation plan was prepared using the Transfer Spreadsheet and indicates total authorized diversion must be reduced to 89% of the transferred water after 2020. FSA information regarding the recent historical consumptive use on the remaining irrigation of the Phillips property is also attached. A copy of the warranty deed showing that Mr. Ward owns the property at the new place of use, as well as an agreement between Mr. Ward and Del Kohtz is also included. Finally, a check for \$250.00 is included for the transfer fee.

Please let me know if you need any additional information.

Sincerely,

Jason C. Helms, EIT

Enclosures Application for Transfer (36-16291, 16293, 16295, 16297).
Mitigation Plan & Transfer Spreadsheet Results.
Phillips WR Split Worksheet & FSA information.
Warranty Deed (Jensen to Ward)
Purchase/Sale Agreement (Kohtz to Ward)
Brockway Engineering Check # 5583 for \$250.⁰⁰
