RE: Change in Ownership for Water Right No. 35-7064B, 35-7065, & 35-13069

Dear Mr. & Mrs. Lake:

After further review of the documentation you submitted in regards to the above mentioned ownership change, we have found that the above three water rights will need further documentation in order to make the ownership change.

Because a large portion of the land listed under these water rights is leased from the State of Idaho, we cannot change the ownership into your name. In order for you to claim ownership of all of the above rights, you will have to obtain a quit claim deed from Mr. Dance which deeds the actual water rights to you.

If you are unable to obtain such a document, the next step would be a division of the water rights involved. The portion of property that you own would be split from the original right and form a new water right, of which you would be owner. This action, however, requires an additional fee of \$100 per water right. Should you determine that this will be necessary, you will need to submit to our office an additional \$75 per water right (\$225 total). I am enclosing a copy of the partial decrees issued for these water rights, for your reference.

Because the Department cannot process the ownership change without proper documentation and/or fees, we will hold any action on your notice pending receipt of the necessary information and/or fees. If we do not receive the necessary information and/or fees **within 30 days** we will return your notice and all attachments and your notice will not be processed.

If you have questions, please contact me at 208-287-4962.

Sincerely,

Kandice L McDermott
Records Analyst
