Subject: Canlon Ownership Change

Jan,

The mitigation plan allowing the issuance of permit 63-31863 required the permit holders (Cantlons) to abandon a portion of Right 63-8796. According to their affidavits attesting to abandonment, they submitted an ownership change for their portion of 63-8796 in 2003. When I looked last week, I didn't see a portion of 63-8796 in their name. Do you have an ownership change that hasn't been processed yet? If so, once the claim is split I will send you the affidavits so you can mark the claim and recommendation as abandoned.

Shelley
