Boise, ID 83720-00098

Dear Ms. Bridge Clark:

Enclosed are four Applications to Lease a Water Right. They are laddered so that one expires each year over four years. United Water wants to lease the water. The acreages listed are all ones we used to irrigate and are listed in our SNRBA claim. I have not listed the River Run acreage, which raised questions last time

I have also included a copy of a table that summarizes the acreages submitted.

Could you please phone me at 336-5508 to let me know you got the documents?

Sincerely,

Barry Eschen
President
