Re: Notice of Chance in Water Right Ownership

Ladies and Gentlemen:

I enclose thee notices of change of ownership of water rights relating to water rights numbered 25-13332; 25-13331; 25-4012; 25-12486; 25-4241; 25-2087; 25-2050 and 25-12485.

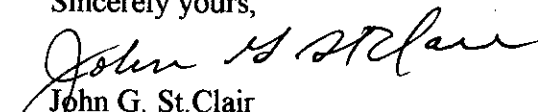

Also enclosed are copies of the recorded deeds reflecting the change in ownership of the property served by water represented by these water rights.

As I read the instructions, and believing that there has been a partial decree entered, I am enclosing our check in the amount of \$200.00 representing the filing fee for these notice (\$25.00 per water right for each of the seven water rights identified.

If you have questions, please feel free to contact me. Please provide both me and Homer Creek Ranch and Cattle Company copies of the approved transfers.

Thank you for your cooperation.

Sincerely yours,

John G. St. Clair
