RE: Assignment of Permit 37-07844
SRBA Claim A37-07844

Dear Darlene:

Please find enclosed several assignment forms for your use. The purpose of these assignments is to get the permit ultimately into your name. As I understand the original permit holder (Mr. Clarence Mecham) is deceased. You will need to fill out an assignment form for each segment of the trail of title of the permit. For example it may go:

segment 1	from Clarence Mecham to the Estate
segment 2	then to from the Estate to Krea Mecham
segment 3	then from Krea Mecham to you

you will need to get each assignment signed by the proper person. For example for the trail above, the assignments for segments 1 & 2 should be signed by the administrator for the estate and then for segment 3 Mr. Krea Mecham will need to sign it. Please understand the above is just an example; I don't know how the trail of ownership has gone for this permit since it is personal property.

Please also find enclosed your receipt for the \$81.00 fee you paid for filing the SRBA Claim for the permit. As we discussed the SRBA claim is required since proof of beneficial use was filed in 1985 prior to commencement of the adjudication so it is included in the court case.

Please contact our office next season when you are using the water developed under the permit so that we might complete the licensing exam for the permit.

If you have further questions please feel free to contact our office.

Sincerely,

Allen D. Merritt, P.E.
Water Rights Supervisor
