

State of Idaho
Department of Water Resources
Permit to Appropriate Water
NO. 67-14495

Priority: October 04, 2004

Maximum Diversion Rate: 0.20 CFS

This is to certify, that DON MATEER And/Or GAYLE MATEER
11585 N RIVER RD
PAYETTE ID 83661

have applied for a permit to appropriate water from:

Source: GROUND WATER

and a permit is APPROVED for development of water as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>
IRRIGATION	03/01 to 11/15	0.04 CFS
DOMESTIC	01/01 to 12/31	0.20 CFS

LOCATION OF POINTS OF DIVERSION:

GROUND WATER L3 (NW¼SW¼) Sec. 11, Twp 09N, Rge 05W, B.M., PAYETTE County
GROUND WATER L3 (NW¼SW¼) Sec. 11, Twp 09N, Rge 05W, B.M., PAYETTE County

PLACE OF USE: IRRIGATION

CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **December 01, 2005**.
2. Subject to all prior water rights.
3. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
4. Domestic use is for a 29 unit mobile home park and 1 home and does not include lawn, garden, landscape, or other types of irrigation.
5. This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor exceed a combined annual maximum diversion volume of 9.0 af at the field headgate for the lands above.

SCANNED

State of Idaho
Department of Water Resources
Permit to Appropriate Water
NO. 67-14495

6. The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.
7. If the surface water right(s) appurtenant to the place of use is sold, transferred, leased or used on any other place of use, this right to divert groundwater shall not be used for irrigation purposes without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
8. This right when combined with all other rights shall provide no more than 4.5 afa per acre at the field headgate for irrigation of the lands above.
9. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
10. The Director retains jurisdiction to require the right holder to provide purchased or leased natural flow or stored water to offset depletion of Lower Snake River flows if needed for salmon migration purposes. The amount of water required to be released into the Snake River or a tributary, if needed for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this permit.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 21ST day of December, 2004.

COMPLETE REQUEST IF YOU WANT YOUR APPLICATION TO BE PROCESSED USING ONE OF THE
THREE ALTERNATIVES BELOW

Name of Applicant

DON MATEER

Mailing Address

11585 N. RIVER

PAYETTE IDAHO

Application No.
(if known)

☐ IN LOCAL PUBLIC INTEREST

Yes, I want my application processed and before it is advertised, I will amend my application to demonstrate that the proposed appropriation is in the local public interest including the need to preserve flows in the Snake River during the migration periods of anadromous fish.

☐ PROPOSE MITIGATION NOW

Yes, I want my application processed and before it is advertised, I will amend my application to include proposed mitigation to offset anticipated depletions in the Snake River during periods of anadromous fish migration.

☒ WILL AGREE TO MITIGATION IN THE FUTURE IF NECESSARY

Yes, I want my application processed at this time, and I will accept a condition of approval that will require mitigation should the Director of the Idaho Department of Water Resources determine that mitigation is necessary to offset depletions from this appropriation to flows in the Snake River during periods of anadromous fish migration. I understand that mitigation is not required now but may be needed in the future. I also understand that the Director will not require mitigation until I have an opportunity to review the process by which the need for mitigation is established and the amount of water required is quantified.

RE: Permit No. 67-14495

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a form entitled 'Instructions for Proof of Beneficial Use.' Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled 'Proof of Beneficial Use.' If your project is already completed, you should complete and submit this form immediately.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this water right permit were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Ground Water Protection Section located here at this office or our regional office nearest you.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-287-4947.

Sincerely,

A handwritten signature in black ink, appearing to read "Shelley W. Keen". The signature is fluid and cursive, with the first name "Shelley" being more prominent.

Shelley W. Keen

Water Rights Supervisor

Enclosure(s)

CERTIFICATE OF SERVICE

I hereby certify that on December 21, 2004 I mailed a true and correct copy, postage prepaid, of the foregoing PRELIMINARY ORDER(Approved Permit) to the person(s) listed below:

RE: WATER RIGHT NO.

67-14495

**DON MATEER
GAYLE MATEER
11585 N RIVER RD
PAYETTE ID 83661**

**Kari Lynn Townsend
Secretary**

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below.

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of, or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Comment Report

67-14495

1. scurtis 10/5/2004 Legal Notice Remarks

Comment: Use covers existing system for 2 wells at Lazy River Mobile Home Park. Applicant agrees to mitigate consumptive use in the future as needed.

2. slester 10/5/2004 Comment/Analysis

Comment: Two wells drilled 1991-1995 for 29 unit mobile home park plus owner home associated with the park. Public Water Supply #3380019, although water right was not previously secured. Irrigation also provided from Snake River 3-2042A. Owner also has domestic well right 67-12310 but for different property n/a to the park property. Note lapsed permit 67-7876 for surface water irrigation did not cover these wells for the mobile home park. Drilling permits need to be upgraded at \$165 each, see 10/5/04 memo for details.

3. slester 12/16/2004 Drilling Permit Fees Paid

Comment: DP fee upgrades for both wells were paid in full on 10/14/04.

4. kwalker 12/21/2004 Permit Review

Comment: Application is not located in any problem areas. There is a place of use overlap for irrigation with Snake River claim 03-2042A in SRBA. Public water supply number 3380019. Recommend approval.

5. kwalker 12/21/2004 Wells to Supplement

Comment: I contacted Mrs. Mateer this afternoon to make sure that they were aware that they would have to use their Snake River water, before diverting irrigation water from the wells, if Snake River water was available. Mrs. Mateer said they understood that and it was not a problem.

Re: Applications for Permit Nos. 57-11663 and 57-14495

Dear Mr. Rae:

Attached are copies of one or more applications that may be of interest to you and/or to a local District Health office should you choose to delegate review of the application(s) to that organization. Please contact the applicant if your agency and/or District Health have concerns about the application(s). It is not necessary to provide agency comments to the Idaho Department of Water Resources (IDWR), although your comments are welcome if you think IDWR would benefit from them.

If your agency and/or a local District Health office desires to file a formal protest against approval of any of these applications, a written protest along with the \$25.00 protest fee for each application protested must be received in this office by November 8, 2004.

If you have any questions regarding these applications, please contact this office at 334-2190.

Sincerely,

Sue Kreger

RE: Application for Permit No. 67-14495

Dear LEGAL NOTICE DEPARTMENT:

Enclosed you will find a legal notice which we wish to have published in your newspaper on the dates indicated (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 11/08/2004. Your cooperation is appreciated.

Sincerely

Sue Kreger
Administrative Assistant

The following application(s) have been filed to appropriate the public waters of the State of Idaho:

Re: Application for Permit No. 67-14495

Dear Applicants:

The above referenced application for your two wells serving Lazy River Mobile Home Park will be processed without delay. You can expect to see legal notices for your application during the last two weeks of October in the Payette newspaper. The protest deadline in that case will be November 8. Please allow an additional couple days after that before you inquire at this office to see if protests have been filed. If protests are not received, you can expect an approved permit to be mailed to you several weeks after that deadline.

One item needs attention in your application. Both wells were drilled in the 1990s under single-family domestic drilling permits at \$35 each. But the wells have been used for purposes requiring a water right. You are now seeking a water right, as you should. Drilling permit fees for wells requiring water rights are \$200 per well, not \$35. In situations such as this, the Idaho Department of Water Resources (IDWR) must collect the unpaid drilling permit fee.

✓ paid 10/14/04
Each well requires an additional fee of \$165 for a total amount of \$330. Please remit that amount within the next thirty (30) days. You may choose not to pay during that time period. In that case, IDWR will contact you in the future to obtain the necessary payment.

Thank you for your attention to this matter.

Sincerely,

Steve Lester
Water Rights Supervisor

MEMORANDUM

TO: File

FROM: Steve Lester 

DATE: October 5, 2004

RE: Drilling Permit Fee Upgrades for Application 67-14495

Mateer filed this application for two wells serving a mobile home park and Mateer home. The system has been in use for several years, probably since about 1991, without water right protection.

The application lists two drilling permits for wells drilled by Dallas Drilling. Research indicates fees for exempted domestic use were paid in 1991 and 1995 as follows:

1991 well: DP 67-91-W-39

Database includes information that this was a single-family domestic replacement well. The only 1991 receipt issued to Mateer was for Application 67-7876. A \$35 receipt was issued to Dallas Drilling for this well (W019936).

Well log lists 67-7876 as authorizing water right for a new well for domestic and irrigation use at a mobile home park. Permit 67-7876 covered surface water irrigation use but not ground water. That permit lapsed. This well clearly required a water right (not 67-7876) and the higher drilling fee instead of the simple domestic fee.

1995 well: DP 67-95-W-87

Database includes information that this was a new single-family domestic well. A receipt was not issued to Mateer in 1995. Several receipts for exempted domestic well drilling permits were issued to Dallas Drilling in 1995. Those receipts did not identify this drilling permit by number. But it is likely the driller paid for approval of an exempted domestic well drilling permit in 1995 for this second well associated with the mobile home park. That conclusion is based on multiples of \$35 noted in the 1995 Dallas Drilling receipts.

The well log does not include a water right number. The log matches database information for a new single-family domestic well. This well did not appear to require a water right or the higher drilling fee based on database or well log information, although we now know that is not correct.

Conclusion

Both wells require drilling permit fee upgrades from \$35 to \$200. The applicant should pay an additional \$165 per well, for a total of \$330. This should not delay processing of 67-14495.

3-2039 * Lincolns (Presiding Abbott)

3-10/82 Thompson-Bell

Newly Sully Tanka River

3-2042A Mathen

3.20428 Klausur

* note "MAR-39" in WR# column = 3-2039

(a share of Excel with Numscind tells ...
 Figures get month-year vs. actual # you want)

SNAKE River Irrigation

- # 3-2039 L. Scahn (was Albrecht)
- # 3-10182 Thompson - Bell

Note "WR#" column
"MAR-39" = 3-2039 a quirk
of Excel where some # print
out as month-year instead

MATEER

3-2042A = 8 Acres NWSW (not in NW 1/4)

KASSAHN

3-2042B = 26 Acres NWSW (not in NW 1/4)
