Re: Formal complaint against King Creek Pipeline.

Dear Mike and Eileen,

Our office received your letter dated October 22, 2003 concerning the use of the King Creek Pipeline and your follow up letter dated February 22, 2005. I have included your letters with the file in order that we send you notice when the proposed transfer goes to advertisement. As you may or may not be aware, The Redford property recently changed ownership. This change of ownership resulted in a delay of their transfer processing. We anticipate beginning to process again and sending to advertisement in the near future. It will be advertised in your local paper and we will send you a notice as well. Thank you for your patience.

If you have further questions, please feel free to call.

Sincerely,

W. Roger Warner
Water Right Supervisor – Eastern Region
