RE: Apps For Transfer 71422 & 71437

Dear Mr. Shillington;

We have discovered that the proposed changes to your irrigation system have occurred, but that they do not match what is described under your pending transfers. The applications must therefore be amended to reflect your actual irrigation practices. Please contact me by May 27th to resolve this problem. If we do not hear from you by then, the matter will be turned over to the watermaster for possible punitive action; a notice of violation could be issued, subjecting you to fines of up to \$300 per acre for irrigating without a water right. Your transfers will be held pending resolution of this matter.

Regards,

James E. Stanton
Sr. Water Resource Agent
