3 ADDITIONAL INFORMATION ABOUT RIGHT, OR PORTION THEREOF, FOR SALE OR LEASE

a Explain how the seller/lessor acquired the right, or portion thereof, and attach a copy of the deed to the land to which it is appurtenant or other evidence of ownership of the right. If the right is not recorded in the name of the seller/lessor, attach a copy of a change of ownership form as required by Section 42-248 or 42-1409(6), Idaho Code, together with required documentation.

Robert Rhead began purchasing the property from private ownership in about 1967; see attached warranty deeds.

b Describe the frequency of water use under the right, or portion thereof, during the past five (5) years of use. Attach watermaster records, pumping power bills, or other evidence to demonstrate that the right has not been lost through abandonment or forfeiture. (This information is not required if a partial decree has been issued on the right within the last 5 years). Decree issued October 2000. Entire farm was fully irrigated in 2000 to 2003, a portion was left fallow in 2004.

- c If the right is from a surface water source, describe the period of the year that water is typically available to satisfy the right.

This is a groundwater right

- d. Describe any other water rights with the same purpose and place of use as the right, or portion thereof, offered for lease. Will the present place of use continue to receive water from any source? If so, describe

61-7007 is used in combination with this right. The 30 acres being placed in the water supply bank will not be irrigated.

- e If the water right is a permit, describe the work accomplished toward developing the right

N/A

- f If the right to the use of the water or the use of the diversion works or irrigation system is represented by shares of stock in a company or corporation, or if such works or system is owned or managed by an irrigation district, a written consent of the sale or lease must be attached.

N/A

- 4 REMARKS: This portion of water right 61-2215 is being placed in the water supply bank in combination with 61-7007 for a total of 30 acres. These 30 acres are being retired as a result of a conversion from irrigation to stock water and commercial use for a dairy. This water supply bank application is in conjunction with an application for transfer of this same water right.

5 SALE/LEASE AGREEMENT

1. The water right, or portion thereof, described above is offered to the Idaho Water Resource Board:

_____ For sale;

X For lease for period from 1-1-2005 to INDEFINITE
(Day, month, year) (Day month, year)

(This lease period may be shown as "indefinite", if the total duration of lease is unknown); or

_____ As a gift to the State of Idaho.

2. Show the minimum payment acceptable to the Seller/Lessor. Include the method of determining the minimum payment. The minimum payment may be shown as the "current rental rate".

Current rental rate

I hereby assert that the information contained in this application is true to the best of my knowledge, and that I have the authorities necessary to offer this right for sale or lease to the Idaho Water Resource Board.

The owner/lessor acknowledges the following:

1. Payment to the owner/lessor is contingent upon the sale or rental of the right from the bank.
2. While a right is in the bank, the owner of the right may not use the right even if the right is not rented.
3. A right accepted into the bank stays in the bank until the Board releases it or until the lease term expires.
4. While a water right is in the bank, forfeiture provisions are stayed.
5. Acceptance of a right into the bank does not, in itself, confirm the validity of the right or any elements of the water right.
