P. O. Box 83720
Boise, ID 83720-0098

Dear Glen:

I reviewed your letter to Darrell McDonald regarding questions on his Temporary Change Application. Perhaps I can answer your questions and expedite the approval of this transfer.

Through the original transfer T5781 Mr. McDonald irrigated the following ground:

T3N, R27E, S4

NE1/4 SW1/4 40

N1/2 NW1/4 80

S1/2 NW1/4 80

T3N, R27E, S5

N1/2 NE1/4 80

Following the proposed transfer Mr. McDonald will continue to irrigate 140 acres of T3N, R27E, S4; N1/2 NW 1/4 and S1/2 NW1/4.

This transfer will allow him to transfer 150" or 3 cfs back to Ethan Ford. Mr. McDonald's grain crop is now finished and Mr. Ford's hay crop is in need of the water, due to increased losses of his existing water supply from shrink in the canals. He will need to irrigate 145 acres of his land as outlined below:

T3N, R27E, S10

SWNE 39

NENW 29

NWNW 38

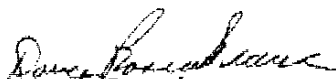

SWNW 39

Total 145

I do not believe this to be an enlargement in use and do not believe this will injure other water rights.

Thank you for your consideration in the matter. Please let me know if you have any further questions.

Regards,

Doug Rosenkrance
Watermaster
