RE: Water Permits 33-7093, 33-7159, ~~33-7177~~, & ~~33-7178~~ Hydropower.

Dear Sir:

Alan J Amy originally filed the above numbered permits that were later assigned to New Energy Inc.

A review of the adjudication database reveals that these water permits have not been filed in the Snake River Basin Adjudication. Proof of beneficial use for these permits was submitted before November 19, 1987, the date that the adjudication commenced. All of those who were using water on that date, or before, were required to file in the adjudication.

Adjudication claims must be filed on the above numbered permits as soon as possible. To facilitate filing on these permits it is recommended that you contact the following individual:

Ernie Carlsen
900 N. Skyline Dr., Ste A
Idaho Falls, ID 83402
(208) 525-7161

Mr. Carlsen can advise you as to the procedures necessary to file a late claim in the Snake River Basin Adjudication.

For your convenience enclosed are copies of the proof report for these permits.

Your prompt response is advised.

Sincerely,

Keith C. Wilson
Senior Resource Agent
