RE: Water Permits 33-7093, 33-7159, 33-7177, & 33-7178 Hydropower.

Dear Sir:

The above numbered permits were originally filed by you and were later assigned to New Energy Inc. This letter is being sent to you in case you have an interest in New Energy Inc.

A review of the adjudication database reveals that these water permits have not been filed in the Snake River Basin Adjudication. Proof of beneficial use for these permits was submitted before November 19, 1987, the date that the adjudication commenced. All of those who were using water on that date, or before, were required to file in the adjudication.

Adjudication claims must be filed on the above numbered permits as soon as possible. To facilitate filing on these permits it is recommended that you contact the following individual:

Ernie Carlsen
900 N. Skyline Dr., Ste A
Idaho Falls, ID 83402
(208) 525-7161

Mr. Carlsen can advise you as to the procedures necessary to file a late claim in the Snake River Basin Adjudication.

For your convenience enclosed are copies of the proof report for these permits.

Your prompt response is advised.

Sincerely,

Keith C. Wilson
Senior Resource Agent
