RE: Call from David Cross

This morning David Cross (208-585-6464) called to discuss the letter that I sent to Mountain View Homeowners Association (MVHA) last week. Mr. Cross is on the board of directors for MVHA. Mr. Cross is going to send me a letter describing measures already taken to reduce the wasting of water by MVHA. He said he would also provide copies of invoices for the work done. We agreed on a deadline of March 4, 2003, for the letter to be submitted.

According to Mr. Cross, MVHA significantly reduced its wasting of water and its power bills by limiting operation of the irrigation system to the hours from 1:00 p.m. to 11:00 p.m. during the irrigation season. Previously the system has operated 24 hours a day, with water being almost entirely wasted during the hours of low demand.

This morning MVHA board member Gene Greer called and re-iterated what David Cross already said about the modifications to the irrigation system. He committed to seeing that a letter describing the changes is submitted to IDWR.
