Planning and Zoning Administrator
605 N. Capitol
Idaho Falls, Idaho 83402

RE: Comore Development Inc.

Dear Mr. Serr,

Mr. Skidmore has made two applications for permit for domestic water to serve his planned expansion in Comore Loma Subdivision in Township 1 North, Range 39 East, Sections 6 and 7..

Both applications must pass the advertising period without protest and then be approved by the Director of the Department of Water Resources before Mr. Skidmore may serve water to the proposed places of use.

The Department will not issue a drilling permit for the two new wells proposed by Mr. Skidmore until the application(s) are approved.

Currently Mr Skidmore is serving water to homes in Section 6 that are outside of his permitted or licensed place of use. He may not connect any more homes in Sections 6 or 7 until the permit(s) are approved.

If you have any questions please contact me at 525-7161.

Sincerely,

Dennis M. Dunn
Sr. Water Resource Agent.
