RE: APPLICATION FOR PERMIT FOR CHAMPION HOME

Dear Mr. Scanlan:

On May 19, 2004, the enclosed letter was sent to you on behalf of Champion Homes regarding their application for permit. There are several overlapping water rights on this application that needed to be clarified. You came into my office and discussed this application and we went over the existing water rights.

The enclosed letter gave a 30-day limitation, but I allowed additional time for you to sort out this application and the overlapping water rights. I haven't heard from you or the applicant for several months on this issue. Could you please send me a written request for additional time or supply the information in the May 19th letter?

The Department will hold further processing of your application for 14 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

If you have any questions or concerns please contact me at the above address.

Respectfully,

Daniel A. Nelson
Sr. Water Right Agent

Enclosure
