Dear Mr. Cazier:

We enclose Permit No. G-27323, in the name of the R. T. French Company, in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proofs at any time you are prepared to do so within that time.

We also enclose departmental receipt No. G-3250, which was issued covering payment in the amount of \$5.75, for the filing fee of the above mentioned permit.

Very truly yours,

Re: Permit No. G- 27323

Date: Feb. 1, 1963

The R. T. French Co.  
Attn: Don L. Cozier  
Box 658  
Shelley, Idaho

Dear Mr. Cozier:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 27323 are due not later than **April 18, 1963**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER  
State Reclamation Engineer

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-27323. The proofs are to be made at 10:00 o'clock A.M., on the 19th day of April, 1963, before William H. Jewell, J. S. Pearson, Shelley, Idaho,, Notary Public.

As of this date we have mailed the Notice to the Shelley Pioneer Shelley, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

RE: Permit No. G-27323

Don L. Casier, Manager  
The R. T. French Company  
Box 658  
Shelley, Idaho

Dear Mr. Casier:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-27323 shows the well is ~~(200)~~ capable of conveying 133 miner's inches, or 2.66 c.f.s. of water for ~~the irrigation of~~ washing and processing potatoes.

Upon receipt of the statutory fees, totaling \$ 10.00 , we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of April 15, 1958 , to the use of 2.66 second feet of subterranean water with the point of diversion in the NW 1/4, Sec. 32 for industrial use in the NW 1/4, Sec. 32, T. 1 N., R. 37 E., B.M.

Very truly yours,
