Re: Application for Transfer No. 69266 – Water Right Nos. 15-2018, 15-2029 and 15-2055

Dear Applicants:

The transfer application referenced above was received by the Department in 2001 and has been held from further processing pending receipt of information from you. In a letter dated July 2, 2002, the Department requested that you submit a letter from the lien holder of your property authorizing transfer of the water rights.

The Department has not received authorization from the lien holder for the transfer. A notarized statement from the lien holder agreeing to the changes is required in order to protect the property interests of the lien holder. The Department cannot process the transfer application without the proper authorization. I have enclosed a copy of the transfer application for your use when corresponding with the lien holder.

The Department will continue to hold further processing of this application for 30 days to allow submittal of the required information. Additional time may be granted by the Department upon receipt of a written request and sufficient justification for an extension. After that time, if adequate information is not received, the Department will issue a preliminary order to reject or deny the application.

If you have questions, please feel free to contact the department.

Sincerely,

Jeff Peppersack, Manager
Water Right Permits Section

JP:klt

Enclosure – copy of transfer application

3/16/05
Call at Lu ann Thomas about Lien, she indicated that they paid off the property & no longer have lien. She will send release.
