Subject: Karcher Interchange Water Right Application

*To File
63-31598*

Jack,

On Friday IDWR received a letter from JUB Engineers showing how the ITD well at the Karcher interchange will be connected to the municipal irrigation system for the City of Nampa. If I understood you correctly when we last spoke about this matter, ITD intends to assign the water right application to the City of Nampa so that it can be processed by IDWR. I have attached the assignment form for you. Please call if you have questions.

Sincerely,

Shelley Keen
