Re: Rental of Water Rights from the State Water Supply Bank

William Wolfe has rented water from the water supply bank since 1998 for irrigation use from a couple of different water rights. Mr. Wolfe stated that he has been trying to purchase water rights to cover the lands for some time. Rental of water is approved for the 2005 irrigation season. However, Mr. Wolfe was notified that subsequent rentals for the same use might be subject to further review and notice requirements.

Mr. Wolfe has rented water from rights with priority dates senior to the minimum streamflow right at the Murphy gauge (12-29-1976).
