

State of Idaho
Department of Water Resources
Permit to Appropriate Water

NO. 85-15537

Priority: January 06, 2005

Maximum Diversion Rate: 0.07 CFS

This is to certify, that RICHARD BAINES
RT 2 BOX 852
GRANGEVILLE ID 83530

has applied for a permit to appropriate water from:

Source: GROUND WATER

and a permit is APPROVED for development of water as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>
DOMESTIC	01/01 to 12/31	0.07 CFS

LOCATION OF POINT OF DIVERSION:

GROUND WATER NE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 24, Twp 30N, Rge 02E, B.M., IDAHO County

PLACE OF USE: DOMESTIC

Twp Rge Sec	NE				NW				SW				SE				Totals
	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
30N 02E 24														X	X		

CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **April 01, 2010**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
4. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
5. Domestic use is for 1 home, RV park with 21 spaces, and a recreation building.
6. Prior to the diversion and use of water under this approval, the right holder shall comply with applicable water quality standards of the Department of Environmental Quality.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 4th day of April, 2005.

RE: Permit No. 85-15537

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

The Department will send you a 'Proof Due Notice' approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this water right permit were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Ground Water Protection Section located here at this office or our regional office nearest you.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-287-4947.

Sincerely,

for Shelley W. Keen
Water Rights Supervisor

SWK:klt

Enclosure(s)

CERTIFICATE OF SERVICE

I hereby certify that on April 5, 2005 I mailed a true and correct copy, postage prepaid, of the foregoing PRELIMINARY ORDER(Approved Permit) to the person(s) listed below:

RE: WATER RIGHT NO.

85-15537

**RICHARD BAINES
RT 2 BOX 852
GRANGEVILLE ID 83530**

**Kari Lynn Townsend
Secretary**

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

(To be used in connection with actions when a hearing was not held)

(Required by Rule of Procedure 730.02)

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources ("department") unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below.

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the Department or the Water Resource Board is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the Department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of, or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Comment Report

85-15537

1. dball 2/16/2005 Legal Notice Remarks

Comment: Domestic use is for 1 home and RV park with 21 spaces with sewer & water service, 14 spaces without; and a recreation-office building.

2. kwalker 3/29/2005 Permit Review

Comment: Application falls within Salmon-Clearwater moratorium area but is groundwater so is exempt. Assume 5 years needed for submittal of b/u since that is what region data entered. Not in Lindsay Creek GWMA. Applicant states irrigation water will be from an existing irrigation well approx. 500 ft. east of new well. Could not find any record of any irrigation well in close proximity. We should advise applicant of need to file for irrigation use or that they should provide evidence of a water right on existing well as described.

I discussed this matter with the applicant and found that they propose irrigating about 15000 feet between trailer spaces and approx. 5000 feet of frontage. This amount is less than 1/2 acre and could be accomplished by the domestic well. The well described in remarks on the application is a well that has been in place since late 70s and has been used to irrigate about 2 acres. I advised Mr. Baines that I could not find a water right to cover the irrigation use and he said he would have his engineer look into this matter. I recommend approval of this application.

RE: Application for Permit No 85-15537

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Idaho County Free Press on March 2 and 9, 2005. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Allen Beardslee'.

RE: Proposed Water Well for Christmas Ranch RV Park
Grangeville, Idaho

Dear Ken:

Please find enclosed the following items for the above referenced project:

1. Completed and signed Application for Drilling Permit
2. Completed and signed Permit to Appropriate the Public Waters of the State of Idaho
3. 8½" x 11" map identifying the location of the proposed well site.
4. Check for \$300.00 (\$200.00 for the Application for Drilling Permit and \$100.00 for the Application for Permit to Appropriate the Public Waters of the State of Idaho).
5. Copy of December 29, 2004 letter from IDEQ approving the proposed well site.

The name of the well driller will be provided to you as soon as the owner has completed the selection of a drilling contractor. The drilling contractor will be licensed in the State of Idaho. The plans and specifications for the proposed well have been submitted to IDEQ for review and approval. The approval letter from IDEQ for the plans and specifications for the proposed well will be forwarded to you as soon as IDEQ completes their review and approval.

If you have any questions, or need any additional information, please do not hesitate to call me. Thanks for your time and effort concerning this matter. I look forward to talking with you again sometime in the near future.

Sincerely,

Grangeville, ID 83530

RE: Proposed Public Water Supply Well Location:

Dear Mr. Baines,

Per your engineer's request, this letter documents Gayle Westhoff's findings from her site visit. Your proposed public water supply well location does not appear to have any adjacent surface features that would violate setback requirements. Further, a well drilled at the proposed location is not likely to fail under the influence of surface water, if an adequate surface seal can be placed, and the well is completed in an appropriate subsurface aquifer.

DEQ finds that, given the surface conditions at the time of the site visit, the proposed location is acceptable for constructing a public water supply well. Note that DEQ must approve the well design and specification prior to construction; the design, construction, and record drawings must be completed by an professional engineer licensed in Idaho.

Please don't hesitate to contact me if you have questions or comments. My phone number is 208-799-4370 and e-mail address is tmoores@deq.state.id.us.
