**RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK.
WATER RIGHT NO(S). 2-202A AND 57-7100**

Dear Mr. Cantrell:

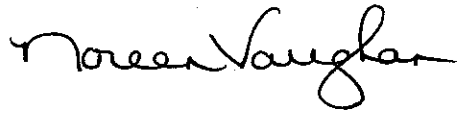

The Department of Water Resources (department) acknowledges receipt of your applications to rent water from the Water Supply Bank. Please find enclosed a Water Supply Bank Rental Agreements for your review and signature. Upon signature and return of the agreements, together with the rental fee described below, the department also will sign the agreements and will return an executed copy to you. Execution of the agreements and compliance with the conditions of approval authorize diversion and use of water as provided in the agreements.

The rental fee of \$1732.50 was calculated based on the current rental rate of \$11.00 per acre-foot times 157.5 af (135 acre-feet rented under water right 2-202A and 22.5 acre-feet rented under right 57-7100). Ten percent (10%) of the total rental fee is retained by the department for Administrative fees in accordance with Water Supply Bank rules, IDAPA 37.02.03.01. The remaining ninety percent (90%) is issued back to the lessor of the above referenced water right(s) in the form of a warrant. Since you are the lessor and the renter under these agreements, the department will require that you submit only the portion of the total payment to be retained for administrative fees. Therefore, a total rental fee of **\$173.25** must be paid in accordance with the rental agreements.

Please note that applications for rental of water must be reviewed in accordance with Section 42-1763, Idaho Code, and the department's Water Supply Bank Rule 30 (IDAPA 37.02.03.030). This includes consideration of whether there will be injury to other water rights, whether the proposal would constitute an enlargement of the water rights, whether the water will be put to a beneficial use, whether the water supply available from applicable rights in the water supply bank is sufficient for the use intended and whether the proposal is in the local public interest. While a one-year rental usually involves a general review of the water rights and proposed use, rental of water over multiple years may require more comprehensive review, notice to advise anyone who desires to protest the proposed water use, and approval by the Idaho Water Resource Board.

If you have questions, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, reading "Noreen Vaughan". The signature is fluid and cursive, with the first name "Noreen" and last name "Vaughan" clearly distinguishable.
