RE: Permit No. 67-7293

Dear Sir:

During further review of your permit for licensing, it was noticed that IDWR inadvertently made an error on the Application for Amendment form you submitted on March 30th, 2005. The error is in the legal descriptions of the points of diversion.

Before a license can be issued, your permit must be amended to depict the correct locations of the points of diversion. I have enclosed a new Application for Amendment form, which describes the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it within 14 days.

I am also returning your signed Application for Amendment form to you. It will be replaced by the corrected amendment after it is signed and received.

Thank you for your continued attention to this matter. I'm sorry for the inconvenience. If you have any questions, please contact me at (208) 287-4949 or erin.retelle@idwr.idaho.gov.

Sincerely,

Erin Retelle
Water Resource Agent
