1. kwalker 4/7/2005 License Review

Comment: This right is for ground water use on lands in Section 34. The right holders have many decreed rights from Toponce Creek that irrigate lands in additional sections and also cover the lands in Section 34. This right will be supplemental to the rights from Toponce Creek so have added supplemental conditions. Recommend licensing as prepared.

2. VAULT 3/13/1992 Extension of Time Received

Comment: Extension of Time Received

3. ANDREGG 9/9/1993 Proof of Beneficial Use Rcvd
