RE: Water Right 96-2159

Dear Sirs:

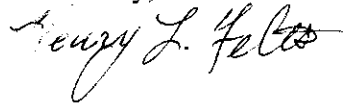

In answer to your letter of January 27, 2005, we have respectfully decided to leave our water right status quo. We withdraw our request for name change of our water right.

Our property is a twenty acre parcel, part of the property formerly owned by my father who received the original water right from the homesteader who was the first person who filed on the creek.

At the time of filing, there was no county road through the property, but now there is a county road with a sixty foot right of way through the middle of our property, which may be the disparity between the twenty acres and the twenty three acres that you show.

Thank you for your correspondence in this matter.

Sincerely,

Henry L. Felts
