RE: Request for Change of Water Right Ownership for WR # 96-2159

Dear Mr. & Mrs. Felts:

Enclosed with this letter are the copies that you sent to facilitate the processing of your ownership change request.

As previously requested in the letter of December 6, 2004 sent by Kandice McDermott, we still need evidence of ownership for the lands described in the above referenced water right. The enclosed copies have been highlighted to show the information that we are looking for. The Correction Warranty Deed specifies land in the NENW of Section 20, Township 54N, Range 2W that matches the land that is described for the point of diversion.

You must show ownership for the place of use in order for us to process your request. Please furnish support data that matches the place of use that is described by this water right. That should consist of 23 acres as shown on the water right license. If you only own a portion of these 23 acres then the water right would have to be split to reflect the portion of land that you actually own and the filing fee is \$100.00.

If you have any questions regarding this matter, please call me at 208-287-4952.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kari Lynn Townsend', is written over a horizontal line.

Kari Lynn Townsend
Secretary
