

MEMORANDUM

Date: November 15, 2004
To: Water Right File 22-7815
From: E Retelle
Re: amendment

In light of the new information regarding the amount of consumptive use under this right, it is not an enlargement from the permit to cover the pond under this license. My 9/16/2004 letter states that one of the options for the applicants is to reduce the irrigated area in an amount equal to the surface area of the pond and file an amendment. The retirement of acreage is not necessary since the applicants are irrigating only 7ish acres...not 23 as on the Permit, Proof and Field Report. The president of the homeowner association has not responded, so I plan to send the amendment with the pond covered and a letter explaining the change.
