RECEIVED

FEB 16 2005

Department of Water Resources

Attn:

Erin ReTelle

I spoke with you regarding water right
65-22377.

I was told I should contact the water
master for this area and to work with him
I spoke with Ron Shurtliff and he was going
to send you a letter on this outcome of
this conversion.

If this letter will work for you until
next summer or contact me again.
