Re: January 3, 2005 Protest of Application for Permit 35-13522, Rolling Hills
Development

Dear Mr. Thompson,

I am sending this letter to inform you, as the representative of the Twin Falls and North Side Canal Companies, that the above referenced Application for Permit has been amended. The amendment change was for the amount of water sought for appropriation. The amount was reduced from 1.09 cfs and 242 acre-ft to 0.45 cfs and 112.8 acre-ft. This reduction was made to reflect an application for permit for non-consumptive use of ground water for in-house use only as was requested by Mr. Exler.

The applicant, Mr. Frank Exler, indicated that he intends on supplementing you with information relevant to surface water shares available for the outside irrigation of this development. Since this is a reduction of the amount originally advertised, we do not feel compelled to re-advertise.

Feel free to call if there is anything that I can be of assistance.

Sincerely,

W. Roger Warner
Water Right Supervisor – Eastern Region

Cc: Frank Exler, Rolling Hills Development.
