Custer County: VERSALLES
REAL ESTATE CORP, C/O
ANDREE DOYLE, 725 N RIVER-
SIDE DR #201; POMPANO BEACH
FL 33062 filed Application No.
71708 on 1/20/05. Transfer
application proposes changing the
recorded place of use for the power
portion of water right 72-2068
(10.00 cfs) from approximately
0.35 miles north of Clayton to
approximately 1.5 miles north of
Clayton to the Clayton Mine site.
The water is proposed to continue
to be diverted from existing diversion
points from Kinnikinic Creek.
HIGH MOUNTAIN RANCHES LTD
PARTNERSHIP, 2209 S CROSS-
CREEK LANE; BOISE ID 83706
filed Application No. 71446 on
8/6/2004. This application proposes
to replace an existing irrigation
diversion in the Salmon River
with a well drilled alongside the
river.

The river diversion will be kept
as a backup source for irrigation,
and livestock will continue to use
river water. Both diversions are
located two miles below the mouth
of the East Fork of the Salmon
River and about 18 miles above
Challis. Geologic data submitted
by the applicant supports their
contention that both points of
diversion are hydrologically connected.
