Shelley,

Jan Denlingre called 11/29/99 at 2:30 P.M. as representative for the Rich's.

He received a letter fr. IDWR that notifies them of reduction in their CSF. The deadline to respond to IDWR is December 5th. He needs more time. The letter they received was signed by Norm Young. The area in question is on the Indian Reservation and he wants to get with the tribal leaders before answering IDWR's letter. Mr. Denlingre was pretty upset that IDWR was going to reduce their CSF usage and is going to contact his Senator and Congressman.

He is out of his office quite often and ask if you miss him to please leave a message when he can talk to someone in the IDWR.

Please contact him at: 208-782-1953

Thank you-Jean

I called Mr. Denlinger on 11/30/99 at 9:00 AM and left a message on his answering machine. I told Mr. Denlinger that he should call Jeff Peppersack if he cannot reach me. We should probably allow more time if Mr. Denlinger is pursuing the matter in good faith, he he needs to commit to a deadline.

S.W. Keen

Today Mr. Denlinger called me to ask for more time to collect information showing a combined diversion rate of more than 81 cfs. He said he will respond by January 25, 2000.
