RE: Change of Ownership for Water Rights 11-00436 & 11-00438

Dear Mr. & Mrs. Smith:

During our review of the information you included with the ownership change paperwork for the above listed water right we found discrepancies in the diversion rate between your information and our records.

Our records indicate the diversion rate for water right 11-00436 (decree 131) as 0.800 cfs and water right 11-00438 (decree 133) is shown as 0.400 cfs. The copy of the warranty deed you provided shows decree 131 as .08 cfs and decree 133 as .04 cfs. We need to know if these differences indicate a typographical error or are these water rights being split between the seller and yourselves.

It also appears from the information you provided that only a portion of the total acres under the two rights was purchased. If this is true, you need to identify the number of acres per $\frac{1}{4}$ $\frac{1}{4}$ that you purchased.

Please contact our office as soon as possible, either by mail or telephone, to clarify the information we have received. We will be happy to process your request upon receipt of non-conflicting support documentation.

If you have any questions regarding this matter, please call me at 208-327-7941.

Sincerely,

Kari Lynn Townsend
Secretary
