RE: Permit No. 95-8856

Dear Mr. Wetzel:

Enclosed is a copy of the Order of Reinstatement and Extending Proof of Beneficial Use issued in connection with the above referenced permit. The order extends the time within which to submit proof of beneficial use to September 20, 2007. Please note that the department has granted this extension based on a delay caused by litigation. It is important that the permit holder work diligently toward the completion of the development during the construction period allowed since the department may not be able to grant additional extensions in connection with this permit.

The department also acknowledges receipt of the Assignment of Permit submitted for this permit. The department has modified its records to reflect the change in ownership of the permit and has enclosed a computer-generated report for your records.

Section 42-248, Idaho Code, requires the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner.

Please contact me at 327-7940, if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeff Peppersack', is written over a horizontal line.
