PO BOX 1105
POST FALLS ID 83854

**RE: Lapsed Permit No. 95-9082, in the name of Green Ferry Water &
Sewer District**

Dear Mr. Muncey:

I have received your letter dated April 8, 2004 regarding the lapsed water right permit 95-9082. In order for the department to consider your request for reinstatement, I must have a Proof of Beneficial Use form completed and signed along with the appropriate license exam fee. I am enclosing the Proof of Beneficial Use (proof) form with the instructions and license exam fee schedule. For your information, I have enclosed a copy of permit number 95-9082 to assist in completing the proof. The enclosed proof form must be completed and signed by you to reflect the current status of the permit and development of the use as permitted by the department.

In addition to the completed proof & license exam fee filed with the department, I will need the following documented evidence of development and use:

(1) Two (2) pieces of evidence to show that development and the beneficial use of the water did commence during the authorized permit period, i.e. from the time the permit was issued until the proof due date (September 21, 2001 through to October 1, 2002). You can submit receipts from equipment purchased and/or installed clearly showing that it is for the construction or development of the system for this permit, and during the time period the permit was in effect.

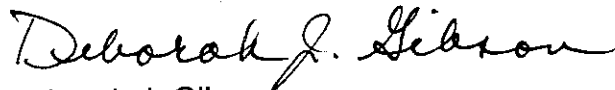

(2) The second requirement is an explanation for the filing delay, which you provided in your April 8, 2004 letter. I will maintain your letter in the permit file to satisfy this requirement.

Chairman Muncey
April 16, 2004
Page 2

Please be aware that this permit is lapsed and is of no force nor effect unless it is reinstated. The department must receive your proof of beneficial use and its filing fee **immediately** to establish a new priority date for this permit. Then the department can hold this matter for thirty days (30) while you gather the evidence of development to submit to the department. After receipt of these documents, the department will review them for issuance of a reinstatement order.

If you have questions regarding this matter, please feel free to contact me at (208) 327-7953.

Sincerely,

A handwritten signature in black ink that reads "Deborah J. Gibson". The signature is fluid and cursive, with the first name being the most prominent.

Deborah J. Gibson
Administrative Assistant
Water Allocation Bureau
