RE: Transfer 71482 involving Water Rights 29-10663, 29-10664, 29-10665, 29-12058,
29-13493, and 29-13494.

Dear Mr. Lish:

A search on the Secretary of State web site for business entities indicates that the name of Marsh Center Irrigating Co. is registered, not Marsh Center Irrigation Co. (see attached copy of registration).

The rights involved with this transfer are all in the name of Marsh Center Irrigation Co. To insure accuracy this office requires that the applicant's name on the transfer be the business name registered with the state. You will need to notify this office as to which name the application for transfer should be filed under.

The following errors have been identified on the water rights as decreed:

Common errors for all water rights:

- Name (Marsh Center Irrigating Co. or Marsh Center Irrigation Co.)
- Total combined diversion rate should be 42.33 cfs not 56.00 cfs
- Total combined acres limits should be 3220.2 acres not 3191 acres.

Additional error on water right 29-10664:

- This right is for storage only there is no diversion rate associated with storage.
Not 0.33 cfs as decreed.

To assist you I have enclosed copies of the decreed water rights with changes that will be made to correct the errors.

To insure that you either agree with the accuracy or disagree with the changes a prompt review will be appreciated. Please notify this office whether or not you agree with these changes.

Your prompt response on or before **March 11, 2005**, will be appreciated.

Thank you,

Keith C. Wilson
Senior Resource Agent

Dear Mr. Wilson
The above corrections have been
noted and agreed to.

Thank you,
William A. Egan
Director Marsh Center Irrigating Co.
